CONTENTS: This report is prepared from the 1% sales tax payments received by the City's Finance Department from the Missouri Department of Revenue on a monthly basis. Tax amounts on this report are reflected in the month that tax payments are received. For example, taxes received by the city in the month of October reflects primarily business tax returns filed with the Dept. of Revenue in September for business sales occurring mostly in August. There are no accruals made to this report as it reflects receipts on a cash basis for the month. If a business is paying back taxes, the numbers are reflected in the month that the business actually paid their taxes. This report is prepared between the 5th and 7th working day of the month.

CONTENTS: This report is prepared from the 1/2% sales tax payments received by the City's Finance Department from the Missouri Department of Revenue on a monthly basis. Tax amounts on this report are reflected in the month that tax payments are received. For example, taxes received by the city in the month of October reflect primarily business tax returns filed with the Dept. of Revenue in September for business sales occurring mostly in August. There are no accruals made to this report as it reflects receipts on a cash basis for the month. If a business is paying back taxes, the numbers are reflected in the month that the business actually paid their taxes. This report is prepared between the 5th and 7th working day of the month.

CONTENTS: This report is prepared from Branson business payments received by the City's Finance Department on monthly tourism tax forms. Tax totals on this report are reflected in the month that tax payments are received. For example, taxes received by the city in the month of September reflects primarily business sales made in August. There are no accruals made to this report as it reflects receipts on a cash basis for each month in the CALENDAR YEAR. If a business is paying back taxes, the numbers are reflected in the most recent reporting month. Interest and penalties are reflected in this report. This report is prepared on the 1st or 2nd working day of the month. Amounts include associated penalties and interest.

CONTENTS: This report is prepared from Branson business payments received by the City's Finance Department on monthly tourism tax forms. Tax receipts are reflected in various business classifications and reported in the month that payments are received. Amusements reflect non-theater type admissions (i.e. museums, go-carts, zip-lines, miniature golf, cover charges). Interest and penalties are included in the amounts.

CONTENTS: This report shows the amount of the 1% Sales Tax received by the city that is NOT restricted to TIF bond payments. 100% of the Sales Tax received from businesses located in Branson Landing and 50% of the Sales Tax received from Branson Hills businesses are viewed as restricted receipts as they must be used to make TIF related bond payments. The last column shows the increase or decrease in the city's overall 1% Sales Tax receipts (as compared to the same month the previous year) that are NOT restricted to TIF bond payments.

CONTENTS: This report shows the amount of Tourism Tax received by the city for a particular month that is NOT restricted to TIF bond payments. 100% of the Tourism Tax received from businesses located in Branson Landing and 50% of the Tourism Tax received from Branson Hills businesses are shown as restricted receipts as they can only be used to make bond payments associated with the TIFs. The last column shows the increase or decrease in Tourism Tax receipts (as compared to the same month last year) that are NOT restricted to bond payments.

**DOWNTOWN BRANSON BETTERMENT ASSOCIATION AGREEMENT FOR THE USE
OF TOURISM TAX CONTINENCY FUNDS**

THIS AGREEMENT, made as of the ___ day of _____, 20___ between the City of Branson, a municipal corporation (hereinafter referred to as the “City”), and the Downtown Branson Betterment Association (hereinafter referred to as (“DBBA”).

WHEREAS, the City allocates \$125,000.00 annually of the City’s tourism tax marketing funds as a contingency to be utilized for special tourism promotional projects authorized by the Board of Aldermen; and

WHEREAS, DBBA shall enhance “America’s Christmas Tree City” in historic downtown; and

WHEREAS, the enhancements should bring people to the area thereby enhancing tourism in Branson; and

WHEREAS, the Board of Aldermen has authorized expenditure of the City’s tourism tax contingency funds to the DBBA for expenses incurred for advertising, marketing and production of the holiday enhancements in historic downtown, such funds not in any case to exceed Thirty Eight Thousand Dollars (\$38,000.00).

NOW, THEREFORE, for the consideration herein expressed the City agrees to commit Thirty Eight Thousand Dollars (\$38,000.00) for advertising, marketing and production expenses relating to the holiday enhancements in historic downtown.

1. **QUALIFIED EXPENSES.** This Agreement authorizes payment of Thirty Eight Thousand Dollars (\$38,000.00) of contingency funds to DBBA for use in advertising, marketing and production for the holiday enhancements in historic downtown upon submission of receipts and invoices. A copy of the proposal submitted by DBBA to the City is attached hereto and incorporated herein as Exhibit “A”.
2. **COMMITMENT TO SEEK CONTRIBUTIONS/ SURPLUS FUNDS.**
The DBBA shall continue to seek monetary contributions and sponsorships from other sources so that the holiday enhancements will be successful. If there are surplus funds from the DBBA so that the DBBA would make a profit from this event beyond the expenses provided in the proposal to the Board of Aldermen, the City of Branson shall have first priority over all other entities or individuals for reimbursement of the surplus funds up to and including the Thirty Eight Thousand Dollars (\$38,000.00) previously paid by the City to the DBBA. In the event that the DBBA holiday enhancements do not occur, or any other conditions cannot be met, the City will be refunded the full amount of all monies paid by the City.
3. **RELATIONSHIP OF THE PARTIES.** This Agreement does not create a joint venture, partnership or any other relationship between the parties. It is the express purpose of this Agreement to memorialize a one time, non-renewable conveyance of funds from the City of Branson to the DBBA for the holiday enhancements. It is understood that all permits required by the City if applicable will need to be obtained.
4. **LIABILITY AND INDEMNITY.** The parties mutually agree to the following:

- a. In no event shall the City be liable to the DBBA for special, indirect, or consequential damages, except those caused by the City's gross negligence or willful or wanton misconduct arising out of or in any way connected with a breach of this Agreement. The maximum liability of the City shall be limited to the amount of money to be paid by the City under this Agreement.
 - b. The DBBA shall defend, indemnify, and hold the City harmless from and against all claims, losses, and liabilities arising out of personal injuries, including death, and damage to property which are caused by, associated with or in any way connected to the holiday enhancements and/or any entities or individuals associated with or participating in the holiday enhancements. DBBA further agrees to defend, indemnify, and hold the City harmless from and against any claims, losses and liabilities arising out of the award of this Agreement to the DBBA.
5. **INSURANCE.** The DBBA shall procure and maintain all insurance (if applicable) to satisfy requirements, and to protect the City from any liability exposure resulting from the holiday enhancements.
6. **TERMINATION OF AGREEMENT.** The parties mutually agree to the following:
- a. Termination for breach. Failure of the DBBA to fulfill their obligations under this Agreement in a timely and satisfactory manner shall constitute a breach of the Agreement, and the City shall thereupon have the right to immediately terminate the Agreement. The City shall give written notice of termination to the DBBA by U.S. mail or by hand delivering a copy of the same. City shall be refunded the full amount of all monies paid by the City in the event that City terminated this Agreement. The DBBA shall not be relieved of liability to the City for damages sustained by the City by virtue of any such breach of the Agreement.
 - b. Right to terminate in the absence of breach. The City may terminate this Agreement for any reason, by serving notice of intent to terminate upon the DBBA by the means specified in the preceding paragraph. Such notice shall specify the date of termination, but in no event shall the City terminate the Agreement under this provision upon less than thirty (30) days' notice to the DBBA.
 - c. Surviving Terms. Notwithstanding any provisions to the contrary, provisions pertaining to liability and indemnity shall survive the termination of this Agreement.
7. **ENTIRE AGREEMENT.** This Agreement contains the entire Agreement of the parties. No modification, amendment, or waiver of any of the provisions of this Agreement shall be effective unless in writing specifically referring hereto, and signed by both parties.
8. **REPORTING REQUIREMENT.** The DBBA shall, upon request by the City, provide a report to the City on the financial success or failure of the holiday enhancements.
9. **SEVERABILITY.** If any provision of this Agreement is invalid or unenforceable with respect to any party, the remainder of this Agreement or the application of such provision to persons other than those as to whom it is held invalid or unenforceable, shall not be affected and each provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

APPLICATION FOR TOURISM TAX CONTINGENCY FUNDS

Overview:

The Branson Board of Aldermen established a set-aside of the City's tourism tax marketing revenues ("Contingency Fund") to fund special attractions, events, projects and activities designed to attract additional visitors to Branson and provide increased exposure and added marketing and promotional value for the City. These funds are available in recognition that possible visitor attraction, marketing and promotional opportunities may present themselves to the City but require financial assistance to be successful as projects or one-time event and attraction or to become successfully established as a self-supporting and reoccurring event or attraction.

Guidelines:

1. Applications for funding shall only be accepted from organizations that have a not-for-profit designation.
2. Individuals may apply for funding only as long as there is clearly no personal financial gain or benefit to the individual from the event, attraction or project for which funding is requested.
3. The Board of Aldermen does not provide monies from the Contingency Fund to finance ongoing operational expenses for applicant organizations or individuals.
4. The Board of Aldermen look favorably on Contingency Fund requests where a portion of the funds needed for the project have already been raised.
5. Funding will only be considered if the event, attraction or project cannot happen without the assistance of Contingency Fund monies.
6. Contingency Funds allocated to the applicant cannot be diverted from their original purpose by the applicant unless approved by the Board of Aldermen.
7. Excess funds generated from the event, attraction or project must be returned to the City up to the amount provided by the City. However, it may be requested by the applicant that the City allow excess revenues generated by the event, attraction or project to be used by the applicant for the specific start-up cost for the same reoccurring event, attraction or project if it can be demonstrated that no other funding opportunities are available and that the event, attraction or project met or exceeded the projected visitor attraction, promotional or marketing estimates.

8. The applicant must be able to show a funding plan that clearly demonstrate that applicant is exhausting all efforts to obtain funding from all other possible revenue sources such as grants, sponsors, etc.
9. If monies are provided, applicant will be required to enter into a binding contract defining terms of expenditure and disbursement of monies, documentation, accountability, reporting, etc.

Applicant Information:

Name of Organization: Downtown Branson Betterment Association
 Street Address: 112 W College St
 City/State/Zip: Branson MO 65610
 Phone Number: 417-334-1548
 Email Address: admin@downtownbranson.org
 Primary Contact Person: Jessica Luthardt
 Corporate Status: 501c3 Non-Profit
 State of Incorporation: Missouri
 Tax Identification Number: 43-1830580
 Amount requested from the Contingency Fund: _____

Proposal:

Please provide a written narrative with the following information:

- A clear business plan and outline of the event, attraction or project to be funded.
- A brief history of your organization (or your background if an individual), including development, accomplishments and mission.
- What personnel, resources, and experience does your organization (or you if an individual) have available to ensure that the project will be carried out according to plan?
- A description of the people or community that you or your organization serves or benefits.
- A list of the expected results if the event, attraction or project takes place (e.g. number of visitors being brought to Branson, anticipated expenditure amounts, amount of promotional or marketing benefit, etc. that the City will receive).
- Planned changes to the major board, staff or organizational structure in the next 18 months, if any.
- Short and Long-term strategies for funding this event, attraction or project if more than a one-time occurrence.
- What is the anticipated return on investment ("ROI") for this event, attraction or project and quantify how you will measure the return.

Please provide the following:

- The most recent audited financial statements (if available, if not available please explain).

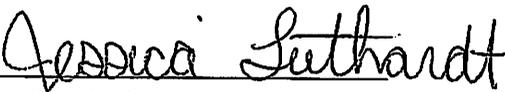

- The current operating budget for the organization.
- Event, attraction or project budget
- IRS determination letter of not-for-profit.
- A copy of the organizations certificate of good standing.
- A copy of the organizations most recent annual report.

Reporting Process:

An applicant that receives Contingency Funds must use those funds as approved by the Board of Aldermen. A contract will be drawn between the City of Branson and the Applicant that outlines the requirements for the use of these funds, use of excess funds if any, dissemination of funds, accountability, reporting requirements, etc. If Contingency Funds are received, applicant will submit a report to the Board of Aldermen following the completion on the event, attraction or project as agreed upon in the contract so that the Board of Aldermen can evaluate the success of the event, attraction or project.

Acknowledgement Agreement

The applicant certifies that all information provided in this application is true and complete.

Enhancing "America's Christmas Tree City" in Historic Downtown

The Downtown Branson Betterment Association, established as a non-profit organization in 1985 for the promotion and betterment of the historic downtown district of Branson, has been decorating the downtown district for the Christmas season for decades. The last few years in Branson, coalitions have strived to brand Branson as "America's Christmas Tree City". The Downtown Association would like to further establish this branding with a 30 foot tower pre-lit tree to be placed in Liberty Plaza as a focal celebration point in historic downtown. Liberty Plaza was a multi-million dollar investment the City made for the revitalization of historic downtown and the infrastructure was placed in the ground and around Liberty Plaza to host a large, focal Christmas tree. This would be a great addition to the downtown decorations and bring more visitors to downtown to view the tree, have a meal, shop and stay adding to revenues. With its 30 foot size, this tree would be one of the Top 10 Trees to be viewed in Branson and would add to the marketing assets of Branson as "America's Christmas Tree City". The Downtown Branson Betterment Association would also add to historic downtown's Christmas atmosphere and attraction by placing 36" double-facing green wreaths and garland on the four (4) large poles on the corners of Main and Commercial Streets where the City placed bump-outs as part of a planned infrastructure replacement and streetscape improvement. These four poles were too large to be included in the previous lights and garland and banners. These additional wreaths and garlands will make a great statement and focal point from all directions.

The Downtown Branson Betterment Association in discussions believes this enhancement of Downtown Branson's Christmas would lead to additional ROI marketing for Downtown. The Association would gather a coalition for a grand ceremony to welcome the new décor and promote visitors to come and visit downtown. The grand ceremony to light would be in conjunction with Adoration Parade celebration December 6th. Aligned with the Branson Christmas Coalitions Old School Park lighting and Community Christmas Tree display, this would be an added boost for the Downtown Branson businesses and would add to the marketing ability of the CVB. Due to the extenuating circumstances of 2020, we feel like this is a good starting boost to the economy. This project would be a first phase in the Downtown Branson branding of Christmas. In the year 2021, we will have a phase two plan to light the rooftops in Downtown.

Budget for Funds

30 Foot Tower Christmas Tree Pre-lit with white, warm lights	\$19,500.00
Tree delivery and set up	\$ 5,700.00
36" Green Christmas Wreaths (8) pre-lit white lights	\$ 1,800.00
Garland for 4 Poles (Main & Commercial)	\$ 1,000.00
	<hr/>
	\$28,000.00
Requested additional marketing funds directed by the DBBA to spend by CVB	\$10,000.00
TOTAL REQUEST	\$38,000.00

“Downtown – Explore Branson Like A Local”

Mission Statement

The mission of the Downtown Branson Betterment Association is to preserve and protect the history and family atmosphere of the historic downtown as well as promote economic growth and revitalization of the Historic Business District making it a destination and a better place to work and live.

Historic Downtown Branson is the beginning of Branson with a rich local presence.

- DBBA hosts community events each year:
 - Plumb Nellie Days Arts, Craft and Music Festival, three days in May
 - Marble and Glass Festival, two days in June
 - Autumn Daze, Arts, Craft and Music Festival, three days in September
 - Piccadilly Gala, one extraordinary night in October
 - Classic Christmas in Historic Downtown Branson Nov & Dec
- Along with the city of Branson the DBBA provides a family friendly trolley called Sparky, for transportation within the historic district.
- Local schools had a trolley naming contest and “Sparky” was named.
- DBBA hosts Arts, Crafts and Music Festivals in May and September with over 100 Artisans and Crafters, food vendors, music all day for three days from the entertainment stage and a talent contest. The event is historically attended by over 10,000 people.
- DBBA hosts the only all women Piccadilly Gala each October with a wine and cheese reception, silent and live auction that is attended by 450 ladies.
- The DBBA is supportive of the veteran organizations and incorporates veteran celebrations into its events.

Effective Date: 12/01/2014

Your application for sales/use tax exempt status has been approved pursuant to Section 144.030.2(21), RSMo. This letter is issued as documentation of your organization's exempt status. Your organization must adhere to all requirements of your exempt status.

This is a continuing exemption subject to legislative changes and review by the Director of Revenue. Outlined below are specific requirements regarding this exemption. This summary is not intended as a complete restatement of the law. You should review the law to ensure your understanding and compliance.

- This exemption is not assignable or transferable. It is an exemption from sales and use taxes only and is not an exemption from real or personal property tax.
- Purchases by your organization are not subject to sales or use tax if conducted within your organization's exempt civic or charitable functions and activities. When purchasing with this exemption, furnish all sellers or vendors a copy of this letter.
- Individuals making personal purchases may not use this exemption.
- Agents or contractors may not claim or benefit from your organization's exempt status. Contractors paying for construction materials to fulfill a contract with your organization must pay sales and use tax on all such materials. Only purchases of construction materials that are directly billed to your organization may be purchased exempt from sales tax.
- Sales by your organization are not subject to sales or use tax if conducted within your organization's exempt civic or charitable functions and activities.
- Sales not directly related to your exempt function that are made only to raise funds for your organization, are not exempt unless such sales are occasional or isolated sales.
- If your organization engages in a competitive commercial business that serves the general public, even if the profits are used for purposes of your exempt function, you must obtain a Missouri Retail Sales Tax License and collect and remit sales tax.
- Any alteration to this exemption letter renders it invalid.

If you have any questions regarding the use of this letter, please contact the Taxation Division, P.O. Box 358, Jefferson City, Missouri 65105-0358, Email salestaxexemptions@dor.mo.gov, or call 573-751-2836.

UTILITIES DEPARTMENT

WATER & SEWER SYSTEMS | SERVICE CONNECTION INSPECTIONS | BACKFLOW PREVENTION

MEMORANDUM

TO: Budget and Finance Committee
FROM: Mike Ray, Utilities Director
DATE: October 22, 2020
SUBJECT: Septic and Holding Tank Waste

The following annual revenue contract is attached for your review:

- Septic and Holding Tank Waste

In accordance with Branson Municipal Code Chapter 90 – Sec 90-35, the Utilities Department currently allows septic haulers to deliver waste to the Branson wastewater treatment facilities which has been pumped from individual septic tanks, small wastewater treatment plants and various holding tanks from locations within Stone and Taney Counties. Haulers must agree to the City’s contract terms and provide samples from each load of waste delivered in order to receive the service. The 2021 rate for treatment will be \$10.11/1000 gallons for holding tank waste and \$21.37/1000 gallons for septic and sludge waste. This unit price includes a 7% increase which coincides with the proposed 2021 sewer rate increase.

Anticipated volume of waste to be delivered to our facilities from January 1, 2021 to December 31, 2021 is approximately one million gallons, producing an anticipated revenue of approximately \$17,000 for this period.

cc: Jamie Rouch, Finance Director

CONTRACTUAL AGREEMENT

This agreement, made and entered into this _____ day of _____, 2010, by and between THE CITY OF BRANSON, a Fourth Class City in the State of Missouri, hereinafter referred to as "City" and S & S PUMPING, INC. hereinafter referred to as "Septic Hauler".

WITNESSETH:

WHEREAS, the proper treatment of wastewater is advantageous to both the City and the Septic Hauler, and;

WHEREAS, the long-term environmental and economic vitality of the region is dependent upon the quality and health of Table Rock Lake, Lake Taneycomo, Bull Shoals Lake, and all area streams and ground water, and;

WHEREAS, it is the mutual benefit of the parties hereto to enter into the following agreement.

NOW, THEREFORE, IN CONSIDERATION OF THE ABOVE PREMISES AND THE COVENANTS AS HEREINAFTER SET FORTH, IT IS AGREED BY AND BETWEEN THE PARTIES AS FOLLOWS;

1. The term of this agreement will be from **January 1, 2021 to December 31, 2021**.
2. Septic Hauler agrees to only transport untreated domestic wastewater originating from holding tanks or special waste (defined as septic tank pumpage or waste sludge from package treatment systems) from within Stone and Taney Counties of Missouri and transport to a location in the City's sewer collection system. The exact location to be utilized is to be designated by the City's Utilities Director. Septic Hauler agrees to provide any and all manpower, labor, equipment, and appurtenances necessary to discharge the wastewater into the City's sewer system.
3. Due to loading capacity at the wastewater plants, the City will only accept up to a maximum of 30,000 gallons per day of holding tank waste and up to a maximum of 30,000 gallons per day of septic tank/waste sludge. These wastes will be accepted on a first come first served basis from various septic haulers. Once the maximum gallons per day amount is received, no additional waste will be accepted unless approved by the Utilities Director and only in the event of an environmental emergency.
4. The City agrees to accept holding tank waste and special waste for treatment provided the waste strength is no more than 10,000 mg/1 in Biochemical Oxygen Demand (BOD). However, the City may reject any load or loads or suspend the service at any time. Any waste with greater strength than 10,000 mg/1 is hereby rejected.

5. Septic Hauler agrees to pay to the City on a monthly basis an amount of:
 - a) **\$10.10/1000 gallons for holding tank wastes with BOD strength of 0 - 600 mg/l.**
 - b) **\$21.37/1000 gallons for special waste (Septic tank waste or waste sludge from package treatment plant) with BOD strength of 600 - 10,000 mg/l.**

Rates for treatment of holding and special wastes are subject to change as determined and established by ordinances set forth and approved by the City Board of Aldermen. These rates are established in City Code, Article II - Section 90-35. Any change in the rates shall take place after thirty (30) days notice from the City to the Septic Hauler. Billing shall be on a monthly basis.

Late payments shall be subject to the requirements of City Code, Article II – Section 90-38. If any bill for services received shall remain due and unpaid from the due date thereof, a five (5) percent late charge shall be added to the next month's bill for said services. Failure to pay an overdue bill within twenty five (25) days from the due date will result in discontinuation and disconnect of services. Services shall not be reconnected until the bill is paid in full, together with a \$20.00 disconnection and reconnection charge. If a five (5) percent late charge is not paid within twenty (25) days of the due date of the bill upon which the charge first appears, service will be discontinued and disconnected and shall not be reconnected until the late fee is paid in full, together with a disconnection and reconnection charge of \$20.00.

6. Nothing contained in this agreement shall constitute or be interpreted as a repeal of the City's ordinances or resolutions, or as a waiver of the City's legislative, governmental, or police powers to promote and protect the health, safety, and welfare of the City and its inhabitants; nor shall this agreement prohibit the enactment or increase by the City of any tax or fee.
7. The parties agree they will cooperate with one another in accomplishing the terms, conditions, and provisions of this agreement, and will execute such additional documents as necessary to effectuate the same.
8. Septic Hauler agrees it will hold the City harmless from any and all claims, causes and actions, or liabilities arising out of this agreement or the operation hereunder and will indemnify, save and hold harmless the City against any and all costs, expenses, counsel fees, and judgments resulting there from.
9. Both parties agree this agreement represents a complete agreement between the parties and there are no promises of representations or understandings not expressly set out herein. This agreement may only be modified in writing, signed by both parties, and approved by the City and Septic Hauler with the same formalities as this agreement. This agreement may be terminated, at will, by either party after providing a 60-day written notification of the desire to terminate.

10. Liability and Indemnity. The parties mutually agree to the following:

- A. In no event shall the City be liable to the Service Provider for special, indirect, or consequential damages, except those caused by the City's gross negligence or willful or wanton misconduct arising out of or in any way connected with a breach of this contract. The maximum liability of the City shall be limited to the amount of money to be paid by the City under this contract. All of the provisions in this agreement are subject to the terms of Missouri Sovereign Immunity as set forth in section 537.610.2 and 537.610.5 of the Missouri Revised Statutes.
- B. The Service Provider shall defend, indemnify, and hold the City harmless from and against all claims, losses, actions, causes of action, demands and liabilities arising out of personal injuries, including death, and damage or impairment to property or any rights which are caused by the Service Provider arising out of or in any way connected with this contract. Service Provider further agrees to defend, indemnify and hold the City harmless from and against any claims, losses and liabilities arising out of the award of this contract to the Service Provider.
- C. The Service Provider shall indemnify and hold the city harmless from all wages or overtime compensation due its employees and from any and all claims by Subcontractors in rendering work pursuant to this agreement, including payment of reasonable attorneys' fees and costs in the defense of any claim made under the Fair Labor Standards Act or any other federal or state law.

11. The Septic Hauler must have and maintain, at the Septic Hauler's expense, adequate liability insurance and bonds (if applicable) to satisfy statutory bonding requirements, of section 537.610.2 and 537.610.5 of the Missouri Revised Statutes to protect the City and the general public against any loss, damage and/or expense related to the Septic Hauler's performance under this contract. The insurance coverage shall include, but need not be limited to, the following coverage's in the amounts specified. Such insurance must indemnify the City to the fullest extent possible under the laws of the State of Missouri.

- A. General Liability Insurance with a company licensed to do business in the State of Missouri with limits of liability not less than two million nine hundred five thousand six hundred sixty-four dollars (\$2,905,664.00) per occurrence for personal injuries (including death) and property damage. The City of Branson must be named as an additional insured.
- B. Automobile liability insurance with a company authorized to do business in the State of Missouri having limits of liability not less than two million nine hundred five thousand six hundred sixty-four dollars (\$2,905,664.00) per occurrence for personal injuries (including death). The City of Branson must be named as an additional insured.

- C. Workers' Compensation Insurance with a company authorized to do business in the State of Missouri having limits not less than one million dollars (\$1,000,000.00), including occupational disease provisions for all employees of the Service Provider(s) and Sub-Service Provider(s).
- D. The Septic Hauler will require all Sub-Service Providers to provide and maintain like insurance as set forth above unless the Septic Hauler's policies extend to claims made against or growing out of operations of the Sub-Service Provider.
- E. Written evidence of the required insurance coverage must be submitted before or upon award of the contract. Such policy(ies) shall name the City of Branson as additionally insured. Failure to maintain required insurance coverage shall be considered a breach of this contract.
- F. Septic Hauler understands and agrees that the insurance required under the terms of the contract in no way precludes the Septic Hauler from carrying such other insurance as may be deemed necessary by the Septic Hauler for the operation of the Septic Hauler's business or for the benefit of the Septic Hauler's employees.
- G. Notwithstanding any other provision of the contract to the contrary, no insurance procured by the Septic Hauler shall be construed to constitute a waiver of any sovereign immunity as set forth in section 537.600 through 537.650 of the Missouri Revised Statutes, or any other governmental or official immunity, which is barred under said doctrines of sovereign, governmental or official immunity available to the City, its Board of Aldermen, salaried officers or employees, nor constitute waiver of any available defense. The Septic Hauler shall cause all policies of insurance related to the contract to be endorsed in accord to this subparagraph.
- H. If this is a multi-year contract then the Septic Hauler shall further require the upper limits of coverage of such policies to be adjusted on an annual basis to be at least equal to the limits of liability set forth in section 537.610.2 and 537.610.5 of the Missouri Revised Statutes as amended from time to time.
- I. Insurance Certificates. It is the sole responsibility of the Septic Hauler to provide the City with the most up-to-date insurance certificates and to keep them current throughout the term of the contract and for any renewal periods. Any failure to maintain insurance coverage shall not relieve any contractual responsibility, obligation or liability under the contract documents. Insurance Certificates must be faxed to the attention of CONTRACT MANAGEMENT at 417-335-4354.

12. All notices required or permitted herein under and required to be in writing may be given by FAX or by first class mail addressed to City and Septic Hauler at the addresses shown below. The date of delivery of any notice given by mail shall be the date falling on the third day after the day of its mailing. The date of delivery of notice by

FAX transmission shall be deemed to be the date transmission occurs, except where the transmission is not completed by 4:30 p.m. on a regular business day at the terminal of the receiving party, in which case the date of delivery shall be deemed to fall on the next regular business day for the receiving party.

13. This agreement and every question arising hereunder shall be construed or determined according to the laws of the State of Missouri. Should any part of this agreement be litigated, venue shall be proper only in the Circuit Court of Taney County, Missouri.

14. This agreement is between the parties and does not include any subcontractors or sub-service providers.

IN WITNESS WHEREOF, both parties have executed this agreement on the day and year first above written.

To the Honorable Mayor and Board of Aldermen
City of Branson, Missouri

We have audited the financial statements of the governmental activities, business-type activities, the discretely presented component unit, and the aggregate remaining fund information of the City of Branson, Missouri (the City) for the year ended December 31, 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and Government Auditing Standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 10, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019. We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Significant accounting estimates used by the City's management include estimated historical cost and related accumulated depreciation of infrastructure assets, the allowance for uncollectible accounts receivable and the estimated obligation relating to pension and other post-employment benefits. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no adjustments to the original trial balance presented to us to begin our audit. We assisted with certain adjustments necessary to record the City's deferred outflows and inflows and related changes in the City's net pension and OPEB liabilities.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 21, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the City's management's discussion and analysis, budgetary comparison information, schedule of changes in net pension liability and related ratios, schedule of employer contributions, and schedule of changes in the City's total OPEB liability and related ratios which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining and individual fund statements and schedules which accompany the financial statements but are not RSI. With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

In planning and performing our audit of the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Branson, Missouri as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the City's internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As part of our annual audit, we try to identify opportunities for improving the management of financial resources and for improving the internal controls over financial reporting. We are submitting, for your consideration, our observations and recommendations with regard to these matters.

Management's responses to our comments are included with this report. We did not audit the City's responses and, accordingly, we express no opinion on them.

CURRENT YEAR COMMENTS

Future Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has recently issued the following statements which may impact the City's financial reporting requirements. In May 2020, in response to COVID-19 pandemic, GASB issued Statement No. 95 - *Postponement of the Effective Dates of Certain Authoritative Guidance*. The following statements reflect the revised effective dates:

- GASB Statement 83 - Certain Asset Retirement Obligations, effective for the fiscal year beginning on January 1, 2020.
- GASB Statement 84 – *Fiduciary Activities*, effective for the fiscal year beginning on January 1, 2020.
- GASB Statement 87 – *Leases*, effective for fiscal year beginning January 1, 2022.
- GASB Statement 88 - *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, effective for fiscal year beginning January 1, 2020.
- GASB Statement No. 89 – *Accounting for Interest Cost Incurred before the End of a Construction Period*, effective for the fiscal year beginning January 1, 2021.

- GASB Statement No. 90 – *Majority Equity Interests* – an amendment of GASB Statements No. 14 and No. 61, effective for the fiscal year beginning January 1, 2020.
- GASB Statement No. 91 – *Conduit Debt Obligations*, effective for the fiscal year beginning January 1, 2022.
- GASB Statement No. 92 – *Omnibus 2020*, effective for the fiscal year beginning January 1, 2022.
- GASB Statement No. 93 - *Replacement of Interbank Offered Rates* effective for the fiscal year beginning January 1, 2021.
- GASB Statement No. 94 *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, effective for the fiscal year beginning January 1, 2023.
- GASB Statement No. 96 *Subscription-Based Information Technology Arrangements*, effective for the fiscal year beginning January 1, 2023.
- GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32, effective for the fiscal year beginning January 1, 2022.

We recommend management review these standards to determine the impact they may have on the City's financial reporting.

Management's Response

City staff will review all recent and upcoming GASB statements and ensure that any required changes are incorporated in future financial reporting.

This report is intended solely for the information and use of the Mayor, Board of Alderman, and management of the City, and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Auditor's Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of Financial Statements
Performed In Accordance With Government Auditing Standards**

To the Honorable Mayor and Board of Aldermen
City of Branson, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Branson, Missouri (the City), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated October 21, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Introductory Section

October 21, 2020

Honorable Mayor
Members of the Board of Aldermen
Citizens of the City of Branson, Missouri

We are pleased to present the Comprehensive Annual Financial Report (CAFR) for the City of Branson, Missouri, (the City) for the fiscal year ended December 31, 2019. This report is submitted to you in compliance with Section 2-423 of the Branson City Code, which requires an annual report presentation to the Board of Aldermen on the financial condition of the City.

Responsibility to report complete and accurate financial data rests with the City. It is our belief that the information reported in this document fairly presents the financial position of the City in all material aspects on a government-wide and fund basis. Note disclosures have been included as an integral part of this document to enhance the reader's understanding of these financial statements.

To ensure reliability of the accounting data on which the City's financial statements are based, an internal control framework designed to protect the City's assets from loss, theft or misuse is utilized. The objective is to provide reasonable, rather than absolute, assurance that the transactions are accounted for properly and the city's assets are safeguarded. Additionally, the Finance Department staff prepared this report in conformity with generally accepted accounting principles (GAAP) in the United States of America. These are standard guidelines for financial reporting, further ensuring that the financial position of the City is presented fairly in all material aspects.

The independent auditing firm of **Cochran Head Vick & Co., P.C.** audited the City of Branson's financial statements. The purpose of the audit was to provide reasonable assurance that the City's financial statements for the fiscal year ending **December 31, 2019** are free of material misstatements. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the government-wide and fund financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A. The City of Branson's

MD&A can be found in the Financial Section immediately following the report of the independent auditors.

Profile of the City

The City of Branson (2010 population 10,520) is located in southwest Missouri, 35 miles south of Springfield within the heart of the Ozark Mountains. The city is 21 square miles (13,550 acres) and plays host to millions of visitors a year. Branson thrives as a tourism destination due to the scenic beauty including three prize-winning fishing and recreational lakes, as well as major family-oriented attractions including dozens of theatres offering live entertainment of all varieties, theme parks and shopping.

The City is governed by a Board of Aldermen-City Administrator form of government. The Board consists of the Mayor and six Board members who are elected on a nonpartisan basis. The Mayor serves a two-year term and is elected at large. Board members also serve a two year term with two members serving from each of three wards within the City on a staggered two-year election rotation. The City Administrator is the chief executive officer of the City and is responsible for managing the city, enforcement of the laws and ordinances, direction of all officers, employees and departments, and for carrying out the policies of the Board of Aldermen.

As the legislative body, the Board of Aldermen is responsible for enacting all ordinances, resolutions and regulations governing the City, as well as for appointing or electing the members of various statutory and ordinance boards, the City Administrator, the City Attorney and the City Clerk.

The City of Branson provides the full range of services normally associated with a municipality, including police and fire protection, emergency communication center, public works street services, facilities maintenance, parks and other recreational facilities, development services and general administrative services. The City also operates the sanitary sewage and water treatment and distribution system, all of which are accounted for in the financial statements as business-type activities.

The annual budget serves as the foundation for the City of Branson's financial planning and control. The City adopted Priority Based Budgeting in FY2015 for future budget years. Priority-Based Budgeting is an approach to local government financial management which emphasizes strategic planning and the prioritization of those plans to accomplish the goals and objectives identified by the community and city leaders. During the budget preparation process, each office, department, etc., of the City provides detailed requests for expenditures for evaluation by the City Administrator. These requests are based on the goals and strategies set forth in the Community Plan 2030, the annual Strategic Plan and the Priority Based Budgeting process. Each office, department, etc., also prepares a detailed 5-year Capital Budget Request Projection, which is submitted to the City Administrator. The City Administrator also reviews estimates for all pending capital projects and those recommended for approval in the next budget year. Prior to the beginning of each budget year, the City Administrator presents a proposed budget to the Finance and Budget Committee. The City Administrator, on behalf of the Finance and Budget Committee, then submits

to the entire Board of Aldermen a proposed budget. The budget is prepared by fund, department and function.

Factors Affecting Financial Condition

Local Economy— FY2016 was a high growth year in which the City reached peak growth, while 2017 remained stable from prior year and recent economic development activities. FY2018 again saw considerable growth with the announcement of several major economic development projects slated to open in FY2020. For 2019 performance, we look to previous year’s activities as measured by state sales tax filings. Overall sales tax filings increased by 1.2% from calendar year 2017. Branson’s economy still continues to focus on the seasonal tourism industry.

Tourism—Branson and the Tri-Lakes Area attracted millions of visitors in **2019** who contributed over \$2 billion into the local economy. Last year, Branson was named in the top twenty-five U.S. destinations by TripAdvisor for the eighth year in a row. In 2016 and 2017, Trivago named Branson as the number one best value city in the U.S. Situated in the heart of America and within an 8-hour drive of nearly 33% of the U.S. population, Branson has been a “rubber tire” destination with the vast majority of tourists arriving by vehicles, RV’s and tour buses. An increasing number of visitors are now flying into the area each year. Opening in 2009, the Branson Airport, located a few miles southeast of Branson, now offers visitors a local commercial airport, along with the Springfield-Branson Regional Airport in Springfield, Missouri, the M. Graham Clark Downtown Airport at Point Lookout, Missouri, and the Harrison Regional Airport in Harrison, Arkansas. A geographical profile of Branson visitors shows the following:

Come from a radius of 100 miles or less	13.7%
Radius of 100 to 300 miles	29.7%
Radius of 300 or more miles	56.6%

The growth in tourism and the related construction activity over the last decade has increased the tax revenues of the city, particularly sales and tourism tax revenues. Tourism growth has also placed a strain on the city’s infrastructure. This pressure has resulted in significant infrastructure improvements over recent years, financed primarily by the increased revenues from sales, tourism, and tax increment financing activity taxes.

Area Theaters—the music industry’s rapid expansion in the early 90’s launched the Branson community into world-class tourism so fast it was called a phenomenon. Branson is now home to 34 music theaters with over 40,000 seats that conduct live performances, with a variety of music including country, pop, gospel, bluegrass, western, rock n’ roll, classical jazz and Broadway. There’s also comedy, magic, and dancing. Each theater hosts from one to three different shows daily. Collectively, they host more than 100 shows and offer live entertainment from early morning until late evening. Together, they create a diversity and balance to suit every musical and entertainment taste. Several of the nationally known performers who came to the area are now permanent residents and actively involved in the community. In turn, these performers have helped to draw recognition to the immense pool of talent in all of Branson’s theaters.

Outdoor Activities- Boating, swimming, skiing, sailing, sunning, scuba diving, parasailing and sightseeing are just some of the activities that can be enjoyed on the area's three big lakes. Table Rock, Taneycomo and Bull Shoals offer some of the finest fishing in the nation, as well as any freshwater activity you can imagine.

Providing a wonderful venue for visitors of all ages, Silver Dollar City draws millions of visitors each year. Throughout the year various festivals are held highlighting themes such as Bluegrass & BBQ, Southern Gospel Picnic, the new Star Spangled Summer, and of course, Old Time Christmas. They feature unique crafters and artists, rides and amusements, live comedy and drama, dining, dozens of musicians and music shows, water attractions, and roller coasters.

Hikers can enjoy the outdoors on established nature trails that wind through forests and skirt the lakes' shorelines. Spelunking, or cave exploration, is also available in the area's many caves.

Golf- Golfing is one of the fastest-growing interests of vacationers to Branson. They can enjoy their favorite sport on a choice of courses within just a few miles of each other as more than a dozen golf courses are currently open in the Branson/Tri-Lakes Area. Country clubs, pro shops, lessons, restaurants and all amenities are available. Many of Branson's entertainers enjoy golf and are often seen on local courses. Included in the courses available in the Branson area is Buffalo Ridge Golf Course which was voted by Golf Digest as one of the top 100 public golf courses in America. Other golf courses in the area include Payne Stewart, Pointe Royale, Thousand Hills, Ledgestone, Top of the Rock, Holiday Hills, and Murder Rock.

Fishing & Hunting- The scene of many national fishing tournaments, Table Rock Lake is a freshwater fisherman's paradise. Fertile waters teeming with an assortment of America's top sport fish like bass and crappie make it the ideal spot for the novice and serious fisherman alike.

With an average water temperature of 58 degrees, Lake Taneycomo is equally famous as a cold-water trout waterway, It is often called one of the best, if not the very best, cold water trout fisheries in the United States. Rainbow and brown trout abound. The Missouri Department of Conservation maintains a fish hatchery near Table Rock Dam, and a tour of this facility is always a tourist favorite.

Beginning where Taneycomo ends, Bull Shoals Lake, only a few miles away, offers much of the same recreational opportunities as Table Rock Lake. With less development than the Table Rock and Taneycomo areas, Bull Shoals offers comfortable resorts and campgrounds along its shorelines, as well as quaint fishing lodges that offer a chance to explore Ozark Mountain scenery.

The area has an abundance of deer, turkey, and other game, drawing hunters by the thousands each season. Sightseeing is always an option for people who prefer to see the outdoors from the comfort of their vehicles; all numbered highways offer scenic views of the Ozarks.

Shopping— From Historic Downtown Branson, with its unique family-owned and operated one-of-a-kind retail experience at Dick's 5 & 10 to Branson Landing, a 420 million dollar, 95-acre development of world-class shopping, dining, lodging, and a spectacular water, light, sound, and fire attraction, to two factory outlet malls, visitors consistently rank shopping among the most popular activities of the area. Tourists and locals alike enjoy a unique shopping experience at

Branson Landing as well as shopping the factory outlet stores located in Tanger Outlet Mall, and The Shoppes at Branson Meadows. The Branson Hills / Branson Shoppes development offers national brand retailers and presents a diversified mix of retail and food establishments. The development has easy access and is located on the north edge of Branson and has become a favorite shopping location. Shoppers can find contemporary goods and handcrafted items all year round.

Lodging and Restaurants—Visitors are afforded the opportunity to choose lodging from over 15,000 rooms in local motels, hotels, resorts, and bed and breakfast inns. The choices are endless, with room rates ranging from budget accommodations to luxurious suites overlooking Table Rock Lake. The current number of lodging facilities, excluding condominiums, time shares, and campgrounds in city limits is 116.

You cannot be hungry in Branson, as visitors have an endless variety of restaurants and food establishments from which to choose. There are 129 restaurants, food trucks, coffee shops, and ice cream establishments with over 25,000 seats within the city. Cuisines range from American home-cooking, Southern Bar-B-Q, and a 50's style diner to International fares such as Thai, Greek/Mediterranean, Chinese, Mexican, and Italian. Branson began allowing food trucks in 2017.

Conference Facilities— Branson, with an abundance of amenities and a nationally centralized location, is a popular place for holding meetings of all sizes. The Branson area has several conference center hotels in various locations offering a variety of options. Some of the larger conference facilities include the following. Located on the shores of beautiful Table Rock Lake, Chateau on the Lake, a conference center with a 302-room hotel, has the ability to accommodate up to 3,000 delegates. Located in the heart of the entertainment district, one block from the world famous Highway 76, Radisson Inn has meeting and conference capacity of 1,200. Adjacent to the Branson Landing, a waterfront development on Lake Taneycomo in downtown Branson, the City owns a 220,000 square foot convention and exhibition complex, including two exhibit halls totaling 50,000 square feet, which connects to a 23,000 square foot ballroom. There are 12 additional meeting rooms on the second floor. All combined, the Branson Convention Center has the ability to accommodate approx. 4,500 persons and is connected to one of the two Hilton Hotels which has a combined room total of 537 hotel rooms.

Long-term financial planning and debt administration

The City of Branson utilizes a five-year capital improvement program to prioritize public projects. In 2018, the city incorporated the concept of Priority-Based Budgeting into the budgetary approval process for capital requests. The City has also developed a 20-year capital improvement plan that is based on the 2030 Community Plan. The 2030 Community Plan was created in 2010 and is a guide to realize our vision for the future. Projects are scheduled over a number of years, and are financed on a pay-as-you-go basis whenever possible. The exception to this rule was the redevelopment of the Taneycomo Lakefront and construction of a Convention Center in the downtown district. This project, including all infrastructure, convention center and other public improvements, have been financed through a series of bond issues secured by the city's annual appropriation pledge and tax increment financing. These projects will be supported by City, State, County and other taxing district's economic activity taxes generated within the district. The City always looks for creative funding solutions such as cost sharing with other governmental agencies,

public-private cooperative efforts, and any other source of funding for projects that become available.

At year-end, the City has ten bonded debt issues and 2 note debt issues outstanding. These issues include \$5,105,000 in revenue bonds for the Tourism Fund; \$26,370,000 in special limited obligation bonds for refunding certain bonds previously issued for the Branson Landing redevelopment project, certain city facilities, and infrastructure project costs; and a total of \$144,193,003 debt issuances that is included within the Tax Increment Financing District. The TIF District is considered a blended component unit included in with the governmental funds presentation. The City is financially accountable for the District because the City approves the District's annual budget. The City also has \$10,842,577 in notes outstanding.

The City uses funding from the Tourism Tax and the Transportation Tax, to finance needed infrastructure extensions and improvements. Some of the projects during **FY2019** included repairs to the city's aging water and sewer infrastructure.

Strategic Plan

The Board of Aldermen established guidelines for the Strategic Plan and the priorities needed to meet the goals of our city as described to us in our 2030 Community Plan. The departments have created an inventory of all the services performed on behalf of the city and then rated those services according to how well each service meets the needs and expectations of our community. The departments then used the following guidelines in the course of setting up their goals and as a basis for evaluating their performance. Below are the summarized priorities of our City:

1. Land Use
2. Tourism
3. Economic Development
4. Community Character
5. Parks, Open Space & Recreation
6. Community Needs: Safety, Health & Socio-Economic
7. Community Needs: Arts, Culture & Education
8. Transportation
9. Infrastructure & Environment
10. Good Governance.

Achievements and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Branson for its comprehensive annual financial report for the fiscal year ended December 31. This was the **14th** consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

Draft

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Government Finance Officers Association of the United States and Canada (GFOA) has also awarded a Distinguished Budget Presentation Award to the City of Branson. This award represents a significant achievement and reflects the commitment of the governing body and staff to meeting the highest principles of governmental budgeting.

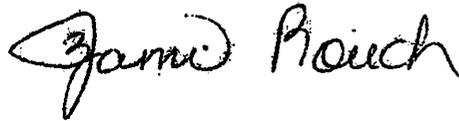

Our appreciation is extended to the Mayor, the Board of Aldermen, department directors and all city employees for their support concerning the financial condition of the City. Furthermore, the preparation of this report would not have been possible without the efficient and dedicated services of the various departments of the City, especially assistance from the staff of the Finance Department.

We would also like to thank our auditors, Cochran Head Vick & Co., P.C. for their help in formulating this report.

Respectfully submitted,

Stanley Dobbins
City Administrator

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules and the introductory and statistical sections as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules and the schedules of revenues, expenditures and changes in fund balances – budget and actual are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 21, 2020, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Branson, Missouri, (the City) we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2019. We encourage readers to consider the information presented here in conjunction with the additional information we have furnished in our transmittal letter as well as the financial statements that follow this section.

Financial Highlights

- On a government-wide basis, the City's assets and deferred outflows exceeded its liabilities and deferred inflows at the close of fiscal year 2019 by \$119,357,462
- The City's total net position increased by \$13,428,769. Of this amount, \$15,775,092 was an increase in the City's "governmental activities", while the City's "business-type activities" decreased by \$2,346,323
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$56,523,389. Approximately 13% of this total amount is unassigned.
- At December 31, 2019, the total unassigned fund balance for the General Fund was \$7,255,329 or approximately 45% of general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The **Statement of Net Position** presents information regarding the City's assets and deferred outflows of resources along with liabilities and deferred inflows of resources. The differences between these are reported as net position. The increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. Other factors to consider are changes in the City's tax base and changes in the condition of the City's infrastructure.

The **Statement of Activities** presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, public works, engineering services, community development, culture and recreation, convention center, and tourism. The business-type activities of the City include a Water and Sewer Fund.

The government-wide financial statements can be found on pages 14-15 of this report.

Fund financial statements. Fund financial statements focus on individual parts of the City's government. A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. These funds are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

The focus of governmental funds is narrower than that of the government-wide financial statements; therefore it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This may enable the reader to better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City has ten individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, public safety sales tax fund, tourism tax fund, transportation sales tax fund, capital projects fund and tax increment financing fund, which are considered to be major funds. Data from the Convention Center fund and the Parks and Recreation fund are combined with the General fund to provide a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining schedules elsewhere in this report.

The City adopts an annual budget for its general fund, debt service funds and special revenue funds. A budgetary comparison schedule has been provided for these funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 16 and 18 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's functions. The internal service fund is presented in a single column in the proprietary fund financial statements. The City uses an enterprise fund to account for its water and sewer system operations. The City uses an internal service fund to account for its fleet of vehicles. Because the internal service fund predominantly benefits governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements.

Proprietary funds provide more detail of the City's business-type activities than the government-wide financial statements. The proprietary fund for water and sewer is a major fund of the City.

The basic proprietary fund financial statements can be found on pages 20-22 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 23 of this report.

Notes to the Basic Financial Statements. The notes provide additional information that is essential to obtain a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 24-56 of this report.

Required Supplementary and Other Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which includes budgetary schedules and schedules related to providing pension and other post-employment benefits to City employees. Required supplementary information can be found on pages 57-64 of this report. Other supplementary information includes certain combining and individual fund statements and schedules. These statements are found on pages 65-80 .of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At December 31, 2019, the City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$119,357,462. The largest portion of the City's net position \$117,404,531 reflects its net investment in capital assets (e.g. land, construction-in-progress, buildings and fixtures, vehicles, furniture, infrastructure, land improvements and equipment), less any outstanding related debt used to acquire those assets. The amount of governmental activities net, investment in capital assets and unrestricted net position (deficit) previously reported in 2018 has been reclassified to conform to the current year's presentation as certain amounts of debt and related items totaling \$90,021,292 should have been considered in the computation of net, investment in capital assets and unrestricted net position(deficit). The reclassification had no effect on the City total governmental activities net position. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Draft

Net Position

The following table reflects the condensed Statement of Net Position as of December 31, 2019 and 2018:

	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>

Unrestricted /(Deficit)	<u>(47,813,294)</u>	<u>(55,267,420)</u>	<u>9,093,004</u>	<u>7,938,868</u>	<u>(38,720,290)</u>	<u>(47,328,552)</u>
Total Net Position	<u>\$ 45,209,428</u>	<u>\$ 29,434,336</u>	<u>\$ 74,148,034</u>	<u>\$ 76,494,357</u>	<u>\$ 119,357,462</u>	<u>\$ 105,928,693</u>

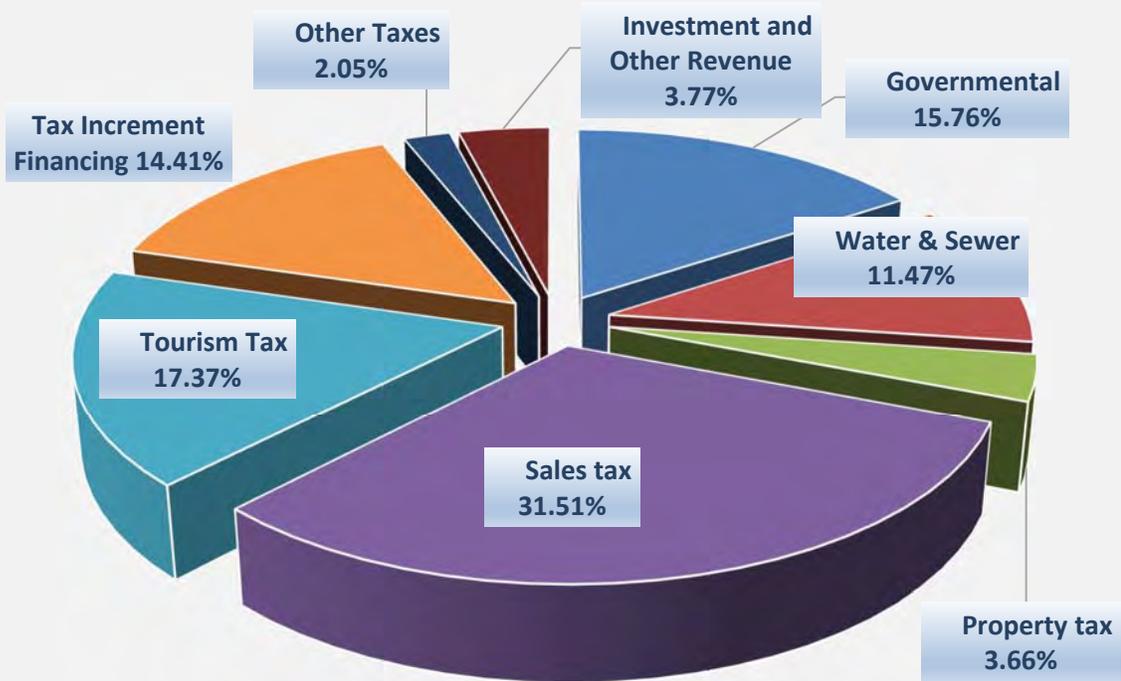

For the year ended December 31, 2019, the City's governmental activities net position increased by \$15,775,092. The City's business-type activities net position decreased by \$2,346,323, primarily as a result of operating expenses including depreciation exceeding operating revenues. The increase in expenses is partially due to an increase in wages and benefits as well as an increase in contractual expenses related to the internal service fund.

Changes in Net Position

The following table reflects the revenues and expenses for the fiscal years ended December 31, 2019 and 2018 from the City's activities:

City of Branson Statement of Activities							
	Governmental Activities		Business-type Activities		Total		
	12/31/2019	12/31/2018	12/31/2019	12/31/2018	12/31/2019	12/31/2018

2019 Revenues (Government-Wide Basis)

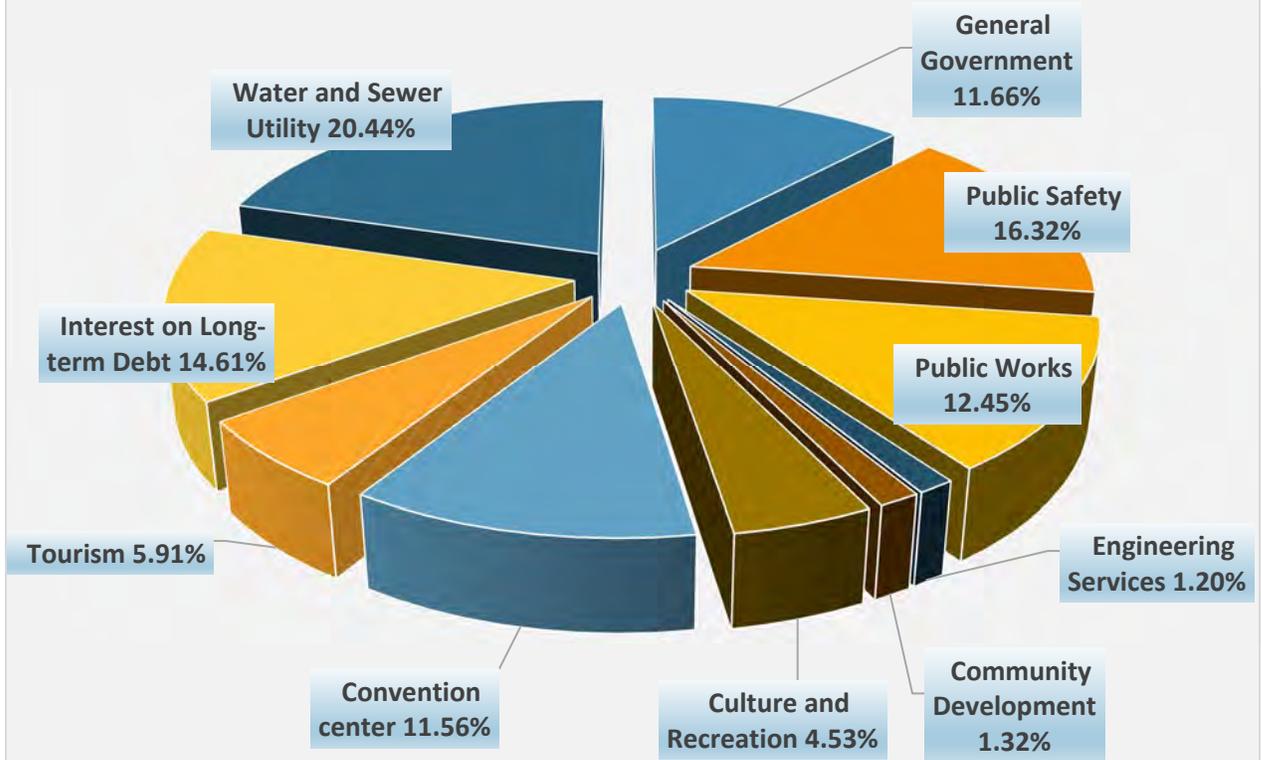

Governmental activities

Governmental activities increased the City's net position by \$15,775,092

- Sales taxes increased approximately \$1,127,300 partially due to having a full year of Public Safety sales tax collection in 2019 versus only nine months of collections in 2018. This tax was passed by voters in November 2017 for collection to begin in April 2018 for local businesses.
- Tourism taxes decreased \$357,743 due to a decrease in tourism activity.
- Tax increment financing taxes increased \$528,309, this represents a portion of sales and tourism taxes increases occurring within of the TIF area
- Charges for services increased approximately \$410,329 due to an increase in personnel and benefits rates within Administrative fees
- Investment earnings increased approximately \$525,118 due to an increase in interest rates and higher account balances subject to interest income
- Capital grants decreased approximately \$5,722,903. In 2018 the City received contributed capital from MODOT for Hwy 76 in the amount of \$5,548,756.
- Public works expenses decreased approximately \$444,723.
- Transfers to Water Sewer Capital decreased by \$110,053 from 2018.

2019 Expenses (Government-Wide Basis)

Business-type activities.

For the fiscal year ended December 31, 2019 business-type activities decreased the City’s net position by \$2,346,323, primarily as a result of operating expenses including depreciation exceeding operating revenues. An increase of wages and benefits as well as an increase in contractual expenses related to the internal service fund contributed to the decrease in the net position.

Financial Analysis of the Government’s Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Fund Balance Classification Policy is designed to define fund balance classifications that can be applied to enhance fund balance information. The fund balance amounts will be classified according to GASB 54 with the following constraints:

- *Non-Spendable* – includes amounts that are legally or contractually required to be maintained
- *Restricted* – externally imposed constraints i.e., creditors, grantors
- *Committed* – can only be used for specific purposes imposed by formal action (ordinance)
- *Assigned* – amounts constrained for the intent to be used for a specific purpose
- *Unassigned* – all amounts not included in other fund balance classifications

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance of the general fund may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$56,523,389. Of this amount, \$7,255,329 or approximately 13% is the unassigned fund balance, which is available for spending at the government's discretion. The remaining fund balances include the City's non-spendable amount of \$249,936, restricted amounts of \$47,300,937 committed amounts of \$611,898 and assigned amounts of \$1,105,289.

The fund balance of the City's General Fund increased \$949,960 during the current fiscal year due to an increase in revenues. Charges for services increased \$442,646, Licenses and Permits increased by \$290,430, Interest income increased by \$420,841.

The tourism tax fund has a fund balance at December 31, 2019 of \$14,466,358, an increase of \$2,091,372 over 2018. Committed fund balance totaling \$611,898 is for tourism related purposes and \$13,854,460 is restricted for debt service.

The transportation sales tax fund has a restricted fund balance of \$2,334,357. This fund was extended by election in 2004 for the period of time necessary to construct and maintain the City's transportation infrastructure and to provide for debt service on capital projects.

The capital projects fund has a fund balance of \$1,105,289, an increase of \$183,465 from 2018.

The tax increment financing fund has a fund balance of \$23,306,774, an increase of \$526,140 over the prior year. This balance is restricted for debt service.

The public safety fund was added in FY2018 as a result of a voter approved sales tax on the November 2017 ballot. The public safety fund balance ended December 31, 2019 at \$5,515,061. This balance is restricted for Public Safety.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The unrestricted net position of the Water and Sewer fund at the end of the year totaled \$9,093,004, an increase of \$1,154,136 from December 31, 2018. Factors concerning the finances of the Water and Sewer fund have been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

Current fiscal year's revenues were up \$507,432 from budget mostly due to an increase in licenses and permits as well as interest income. FY2019 expenditures were \$951,038 less than budget due to sound management practices.

Capital Asset and Debt Administration

Capital assets - The City's capital assets for its governmental and business-type activities as of December 31, 2019 amount to \$245,684,023 (net of accumulated depreciation). This investment in capital assets includes land, buildings and fixtures, vehicles, furniture, infrastructure, land improvements, equipment, park facilities, roads, highways, bridges, and construction-in-process. Major capital events during the current fiscal year included the following:

Governmental

- Parks Trail Improvements - \$74,196
- Stormwater Improvements - \$100,000
- Parks Pool Sandblasting - \$84,250
- Traffic Signal Improvements - \$147,588
- Orthophotography - \$73,995
- The following projects will continue into FY2020 and beyond with the project to date totals listed below:
 - Downtown Streetscape - \$12,880,945
 - Hwy 76 Revitalization – \$20,787,931
 - Public Safety Facilities Design - \$110,142
 - Traffic Signal Upgrades - \$38,457

Business Type

- Sunset Lift Station Upgrade - \$472,338
- Lift Stations #10, #34 and #46 Upgrades - \$75,913
- Lift Station Pump Rebuild/Replace - \$129,992
- Water Meter Process Equipment - \$46,174
- Cliff Drive Intake Pumps - \$45,013
- Water Meter Replacement - \$57,973
- The following projects will continue into FY2020 and beyond with the project to date totals listed below:
 - Compton Flood Protection Study - \$92,000
 - Cooper Creek Sewer Plant - \$644,880
 - Cooper Creek Wastewater Treatment Plant Intermediate - \$1,314,093
 - Water Use Amendment - \$38,873
 - Dewey Bald Area/Engineering - \$238,640

Additional information on the City's capital assets can be found in Note 5 of this report.

Debt Administration

The City's debt issues are discussed in Note 7 to the basic financial statements. The City does not have any General Obligation debt at year-end. Revenue bonds outstanding are serviced primarily by the tourism tax.

Long-term debt. At the end of the current fiscal year, the City had total bonded debt outstanding of \$175,668,003.

Economic Factors and Next Year's Budget

- General Fund revenues for FY2020 are projected to end FY2020 at \$14,322,940, a decrease of \$6,510,050 from the FY2019 actual amount. A large portion of this decline is a result of the worldwide pandemic of COVID-19.
- The City originally budgeted a 1% growth in sales tax for FY2020, however we anticipate being down to budget. For FY2021 a 26% increase from 2020 is budgeted, pending Board approval.
- The FY2020 annual budget for the General Fund expenditures are \$21,140,606, however FY2020 is projected to end the year at \$17,872,549, which is a \$3,268,057 decrease from budget and a decrease of \$2,340,962 from the FY2019 actuals. FY2021 expenditures are budgeted at \$17,706,033
- Health insurance expenses are budgeted at a 4% increase in FY2020 and flat to FY2020 for the City in FY2021
- Utility rates are budgeted FY2020 to increase 2% for Water and 5% for Sewer. An increase of 2% Water and 7% Sewer for FY2021. These increases are as a result of the rate study that was completed in an effort to become self-sustaining in this fund as well as the recent decline in revenues due to the pandemic and consumption being down for the FY2020 year.
- The City continues to use Priority Based Budgeting. This process allows for the budgets to be closely monitored and achieve the results given to us by the Community and the Board. The financial activities will continue to be closely monitored and reported monthly to the Finance Committee and quarterly to the Board of Aldermen.

Financial Contact

The City's financial statements are formatted to present users with a general overview of the City's finances and to demonstrate the City's accountability. Questions or requests for additional information should be directed to the Director of Finance, 110 W. Maddux, Branson, Missouri 65616.

CITY OF BRANSON, MISSOURI
Reconciliation of the Balance Sheet - Governmental
Funds to the Statement of Net Position
December 31, 2019

Amounts reported for governmental activities in the statement of net position are different because:

Ending fund balances - total governmental funds	\$ 56,523,389
Governmental funds report capital outlays as expenditures. However, in the Statement of Net Position the cost of those assets is capitalized and shown at cost, net of accumulated depreciation. This is the amount of net capital assets reported in the Statement of Net Position	180,628,993
Long-term assets are not available to pay for current period expenditures and are therefore deferred in the fund statements - property taxes	83,438
Other deferred outflows of resources are not due and payable in the current period and therefore are not reported in the funds:	
Deferred charge on refunding	3,969,140
Deferred outflows related to pensions	2,021,651
Deferred outflows related to OPEB	127,939
Long-term liabilities, including bonds and notes payable, are not due and payable in current period and, therefore, are not reported in the funds. This amount included the following long-liabilities and related items:	
Accrued interest payable	(1,117,865)
Long-term liabilities	(196,208,901)
Other deferred inflows of resources do not increase net position until a future period and therefore are not reported in the funds:	
Deferred inflows related to pensions	(1,413,140)
Deferred inflows related to OPEB	(434,809)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the Internal Service fund are reported with governmental activities in the statement of net position. Internal service fund capital assets of \$17,532 are included above.	<u>1,029,593</u>
Total net position of governmental activities	<u><u>\$ 45,209,428</u></u>

CITY OF BRANSON, MISSOURI
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances -
Governmental Funds to the Statement of Activities
For the year ended December 31, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds \$ 5,513,737

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period:

Capital outlay	3,408,074
Depreciation expense	(7,101,256)
Disposal of capital assets	(950,839)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Unavailable revenue - property taxes	(16,497)
--------------------------------------	----------

The issuance of long-term debt (eg. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal payments	14,548,935
Changes in deferred charge on refunding, bond premiums and discounts, net	(61,105)
Change in accrued interest payable	135,032

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in accrued compensated absences	(68,057)
Change in net pension liability, deferred inflows and deferred outflows	(86,239)
Change in total OPEB liability, deferred inflows and deferred outflows	(154,900)

Internal service funds are used by management to charge the costs of vehicles and equipment replacement to individual funds. The net revenue of certain activities of the Internal Service fund is reported with governmental activities.

608,207

Total changes in net position of governmental activities

\$ 15,775,092

City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

1 - Summary of Significant Accounting Policies

The City of Branson, Missouri (the City) is a municipal corporation governed by an elected mayor and a six member Board of Aldermen. The City provides services to residents in many areas, including law enforcement, fire protection, water and sewer services, community enrichment and development, recreation, and various social services.

The accounting and reporting policies of the City conform to accounting principles generally accepted in the United States of America (GAAP) applicable to local governments. The following is a summary of the more significant accounting and reporting policies and practices of the City.

The Financial Reporting Entity

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. Component units are separate legal entities which are included in the primary government's financial report. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. The basic, but not only, criterion for including a potential component unit within the reporting entity is the City's financial accountability for the potential component unit. An entity is considered a component unit if City officials appoint a voting majority of the component unit's governing body and the City is able to impose its will upon the component unit. Additionally, if the entity provides specific financial benefits to or imposes specific financial burdens on the City, it may be considered a component unit.

This report includes the financial statements of the City (the primary government) and its blended component unit, the Tax Increment Financing Commission (the Commission). The City is financially accountable for the Commission because the City approves the Commission's annual budget and outstanding debt of the Commission is expected to be repaid from payments in lieu of taxes and economic activity taxes collected by the City.

The Commission is governed by an 11-member board, of which six members are appointed by the Board of Aldermen. The remaining five members (two from the county, two from the local school district and one from other taxing jurisdictions) are appointed by the respective taxing districts' boards. Financial transactions of the Commission are processed by the Finance Department of the City on the Commission's behalf. No separate financial statements are issued by the Commission.

The 76 Entertainment Community Improvement District (CID) is a discretely presented component unit of the City. The governing board of the CID is appointed by the Mayor and board of alderman. The CID's budget must be approved by the City. No separate financial statements are issued.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. The agency fund does not have a measurement focus, but does use the accrual basis of accounting to present its financial statements. Revenues from exchange and exchange like transactions are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the fiscal year for which the taxes are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. A 90-day availability period is used for revenue recognition for all governmental fund revenues except property taxes for which a 60-day availability period is used. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, tourism taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period, and certain state and federal grants and entitlements are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the City' therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed requirements. These resources are reflected as revenues at the time of receipt, or earlier if the susceptible to accrual criteria are met.

The City reports the following major funds:

Major Governmental Funds

General Fund – Is used to account for the general operations of the City and all unrestricted revenues and expenditures not required to be accounted for in other funds.

Tourism Tax Fund – is used to account for the proceeds of tourism tax requiring separate accounting because of legal or regulatory provisions, which provides funding for debt service on bonded debt on city infrastructure, pay-as-you-go infrastructure improvements as well as tourism marketing.

Transportation Sales Tax Fund – is used to account for the proceeds of transportation sales tax requiring a separate accounting because of legal or regulatory provisions or administrative action, which provides funding for routine road maintenance along with transfers to capital projects for pay-as-you-go infrastructure improvements.

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Capital Projects Fund – is used to account for the acquisition, construction, and renovation of major capital facilities.

Public Safety Fund - is used to account for the proceeds of public safety sales tax requiring a separate accounting because of legal or regulatory provisions or administrative action, which provides funding for public safety including activities related to police and fire departments.

Tax Increment Financing (TIF) Fund – is used to account for the accumulation of resources within the special TIF districts and the payment of principal and interest on the long-term debt associated with each district.

Major Proprietary Funds

Water and Sewer Fund – accounts for the activities of the water distribution system, the sewage treatment plant and the sewage pumping stations and collection systems.

Additionally, the government reports the following fund types:

Internal Service Fund - accounts for fleet management services provided to other departments on a cost reimbursement basis.

Agency Funds - are used to account for activities not involving the measurement of results of operations because they are custodial in nature. The City's agency fund is used to account for landscape and tree deposits held by the City as an agent for property owners who have applied for building permits.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct cost and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services, producing, and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and service, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Cash and Investments

Cash and investments of the individual funds are combined to form a pool, which is managed by the Finance Department. Each fund's equity in the pool is included in "cash and investments" in the financial statements. Investment earnings, including interest income, are allocated to the funds required to accumulate interest. If a fund is not required to account for its own earnings by law or regulation, the earnings are allocated to the General Fund.

The investments consist of short-term money market mutual funds held in trust for debt service reserve requirements. The money market mutual funds are recorded at fair value.

The City follows GASB 72, *Fair Value Measurement and Application*, which establishes a framework for measuring fair value that requires or permits fair value measurement and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. There is a fair value hierarchy which requires an entity to maximize the

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

use of the observable inputs when measuring fair value. The guidance requires three levels of fair value measurement based on the respective inputs.

Statement of Cash Flows

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Receivables and Payables

Outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade receivables are shown net of an allowance for uncollectible. An allowance of \$2,245,000 is recorded at December 31, 2019.

Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method and consist of supplies and parts. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are recorded using the consumption method in the governmental funds.

Restricted Cash and Investments

The City's restricted cash and investments primarily consist of amounts required for future debt service payments and related debt reserves.

Capital Assets

Capital assets, which include property, plant, equipment, infrastructure (e.g., roads, bridges, sidewalks and similar items) and construction in progress are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund financial statements. Capital assets are defined as assets with an initial individual cost of more than \$5,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. The City capitalizes interest on the construction of business-type capital assets when material.

The City's capital assets are depreciated using the straight-line method over the estimated useful life of the capital assets. The estimated useful lives are:

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Water and sewer treatment plants	40 - 50 years
Water and sewer mains and lines	20 - 40 years
Equipment	5 - 10 years
Buildings and fixtures	30 - 40 years
Furniture	5 - 10 years
Infrastructure	10 - 40 years
Vehicles	2 - 7 years

Compensated Absences

City policies permit full-time employees to accumulate sick pay benefits and vacation time based on the number of years of service. Accumulated vacation payable is recorded when incurred in the government-wide financial statements and proprietary fund statements. In the governmental fund financial statements, a liability is reported only if it has matured, for example, as a result of employee resignations and retirements. One-half of accumulated sick leave is paid to employees upon leaving the City in good standing. This amount of sick leave is recorded in the government-wide and proprietary fund statements with the amount due within one year estimated based on past payouts. See Note 7 for the accumulated obligation for compensated absences.

Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest and straight-line methods. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance cost, whether or not withheld from the accrual debt proceeds received, are reported as debt services expenditures. See Note 7 for information on the City's long-term obligations.

Pensions

The net pension liability is calculated as the difference between the actuarially calculated value of the projected benefit payments attributed to past periods of employee service and the plan's fiduciary net position. The total pension expense is comprised of the service cost or actuarial present value of projected benefit payments attributed to the valuation year, interest on the total pension liability, plan administrative expenses, current year benefit changes, and other changes in plan fiduciary net position less employee contributions and projected earnings on plan investments. Additionally, the total pension expense includes the annual recognition of outflows and inflows of resources due to pension assets and liability.

For purposes of measuring the collective net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS' fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The government has two items that qualify for reporting in this category. The first is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is deferred outflows related to pensions and other post-employment benefits (OPEB). See Notes 8 and 9 for more information on deferred outflows.

In addition to liabilities, the statement of net position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has several items that qualify for reporting in this category. The governmental activities and governmental funds report deferred inflows related to property taxes received in the current year that are not recognized as revenue until the period for which they are levied. The governmental activities and governmental funds report deferred inflows related to a roadway maintenance agreement for future periods. The governmental funds also report unavailable revenue for delinquent taxes, which is recognized as revenue for governmental activities. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The last item is deferred inflows related to pensions and OPEB. See Notes 8 and 9 for more information on these deferred inflows.

Net Position Classifications

In the government-wide statements, equity is shown as net position and classified into three components:

Net investment in capital assets – consisting of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgage notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position – consisting of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. The City first utilizes restricted resources to finance qualifying activities.

Unrestricted net position – consisting of net position that does not meet the definition of “restricted net position” or “net investment in capital assets.”

The City has a net position flow policy that provides guidance for programs with multiple revenue sources. The policy is to use restricted net position first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Fund Balances

The governmental funds report the following fund balance classifications:

Non-Spendable – includes amounts that are legally or contractually required to be maintained. Such constraints are binding until legal or contractual requirements are repealed or amounts become spendable or not in spendable form, including but not limited to, inventory, prepaid, supplies, and long-term receivables.

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Restricted – Externally imposed constraints, including but not limited to, creditors, grantors, contributors, and constraints by law and regulations. Such constraints are binding unless modified or rescinded by external body, laws, or regulations.

Committed – Specific purpose imposed by formal action, adoption of an ordinance, of the Board of Aldermen. Such constraint is binding unless modified or rescinded, by adoption of an ordinance, by the Board of Aldermen.

Assigned – Constrained by the Board of Aldermen, Finance Committee, or City Administrator’s expressed intent in accordance with the City’s fund balance policy. Such constraint is binding unless modified or eliminated by the Board of Aldermen, Finance Committee, or City Administrator, whoever made the assignment.

Unassigned – All amounts not included in other fund balance classifications. The General Fund shall be the only fund to report positive unassigned fund balance. All other governmental funds may report negative unassigned fund balance.

The City has a fund balance policy that provides guidance for programs with multiple revenue sources. The policy is to use restricted resources first when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance.

The City has established an operating reserve and a contingency reserve policy consisting of the following:

When preparing the annual proposed budget, the City Administrator will maintain in the General Fund an operating reserve of 20% of the current adopted budgeted expenditures. An operating reserve of 20% is also maintained in the Water and Sewer Fund. An operating reserve of 10% is maintained in the Recreation Fund.

Pending Governmental Accounting Standards Board Statements

The Governmental Accounting Standards Board (GASB) has recently issued the following statements which may impact the City’s financial reporting requirements. In May 2020, in response to COVID-19 pandemic, GASB issued Statement No. 95 - Postponement of the Effective Dates of Certain Authoritative Guidance. The following statements reflect the revised effective dates:

- GASB Statement 83 - Certain Asset Retirement Obligations, effective for the fiscal year beginning on January 1, 2020.
- GASB Statement 84 – *Fiduciary Activities*, effective for the fiscal year beginning on January 1, 2020.
- GASB Statement 87 – *Leases*, effective for fiscal year beginning January 1, 2022.
- GASB Statement 88 - *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, effective for fiscal year beginning January 1, 2020.
- GASB Statement No. 89 – *Accounting for Interest Cost Incurred before the End of a Construction Period*, effective for the fiscal year beginning January 1, 2021.
- GASB Statement No. 90 – *Majority Equity Interests* – an amendment of GASB Statements No. 14 and No. 61, effective for the fiscal year beginning January 1, 2020.
- GASB Statement No. 91 – *Conduit Debt Obligations*, effective for the fiscal year beginning January 1, 2022.
- GASB Statement No. 92 – *Omnibus 2020*, effective for the fiscal year beginning January 1, 2022.
- GASB Statement No. 93 - *Replacement of Interbank Offered Rates* effective for the fiscal year beginning January 1, 2021.
- GASB Statement No. 94 Public-Private and Public-Public Partnerships and Availability Payment Arrangements, effective for the fiscal year beginning January 1, 2023.

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

- GASB Statement No. 96 *Subscription-Based Information Technology Arrangements*, effective for the fiscal year beginning January 1, 2023.
- GASB Statement No. 97, *Certain Component Unit Criteria*, and *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32, effective for the fiscal year beginning January 1, 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2 - Stewardship, Compliance and Accountability

Budgetary Information

Missouri statutes require that all political subdivisions of the State prepare an annual budget. Governmental funds required to have legally adopted annual budgets are the general fund, the special revenue funds, and the debt service fund. Legally adopted annual budgets are not required for the capital projects fund and the permanent fund. Annual budgets for all governmental funds are adopted using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Budgeted expenditures cannot exceed budgeted revenues and unencumbered positive fund balances as required by Sanction 67.010 RSMo.

RSMo section 302.341 requires the City to annually calculate the percentage of its general revenue that comes from traffic violations. Any such revenues that exceed 30% of total general revenues are required to be transferred to the Director of the Missouri Department of Revenue. In the current year, the City has reported fines and forfeitures, which includes traffic violations and other additional items, in the amount of \$183,145. This amount is 0.7% of total general fund revenues of \$25,119,655 and, accordingly, the City believes that they are in compliance with the requirements of the Statute.

3 - Deposits and Investments

As of December 31, 2019, the City's cash and investments consisted of the following:

	2019
Investments:	
Short-term investments held in trust	\$ 23,220,028
Deposits	42,311,726
Petty cash	29,520
	\$ 65,561,274

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Deposits and investments of the City are reflected in the financial statements as follows:

	Government-wide statement of net position	Fiduciary fund statement of assets & liabilities	Total
Cash and investments	\$ 32,077,765	\$ 888,892	\$ 32,966,657
Restricted cash and investments	32,594,617	-	32,594,617
	\$ 64,672,382	\$ 888,892	\$ 65,561,274

Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the investment.

Level 1 inputs are quoted prices in active markets for identical assets.

Level 2 inputs are significant other observable inputs, either directly or indirectly observable, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 inputs are significant unobservable inputs in situations where there is little or no market activity for the asset or liability and the entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The City has the following recurring fair value measurement as of year-end:

Money market mutual funds are valued at Level 2 using pricing models that maximize the use of observable inputs for similar securities.

As of December 31, 2019, the City had the following investments and maturities:

	Fair value	Maturities	Hierarchy
Insured sweep account	\$ 12,276,265	N/A	N/A
Money market mutual funds	20,566,075	N/A	Level 2
	\$ 32,842,340		

Investment Policy

Missouri State Statutes authorize the City to deposit funds in open accounts and certificates of deposit. Statutes also require that collateral pledged must have a fair value equal to 100% of the funds on deposit, less insured amounts. Collateral securities must be held by the City or a disinterested third party and must be of the kind prescribed by State Statutes and approved by the State.

The City maintains a cash and investment pool, which is available for use by most funds. Each fund type's portion of this pool is displayed as "cash and investments". Interest earned is retained by the General Fund, unless required to be maintained separately. All investments are carried at fair value. Cash and investments are held separately by some of the City's funds. Additionally, certain restricted assets, related to bond ordinances and indentures and capital lease certificates, are held in escrow by financial institutions' trust departments.

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Interest Rate risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At December 31, 2019, the City's investments consisted of short-term money market mutual funds held in trust.

Credit Risk

The credit risk for deposits and investments is the possibility that the issuer/counterparty to an investment will be unable to fulfill its obligations. Missouri statutes prohibit municipalities from investing in derivative, leveraged, or speculative securities. At December 31, 2019, the City's investments consisted of short-term money market mutual funds held in trust.

Concentration of Credit Risk

The City places no limit on the amount it may invest in any one issuer. At December 31, 2019, the City's investments consisted of short-term money market mutual funds which are not subject to such risks.

Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The City's policy is to collateralize demand deposits with securities held by the financial institution's agent and in the City's name.

As of December 31, 2019, the City's deposits were insured with Federal depository insurance or collateralized by securities held in the City's name by their financial institution's agent.

4 - Taxes

Taxes receivable as of December 31, 2019 were as follows:

<u>Fund</u>	<u>Property Tax</u>	<u>Sales Tax</u>	<u>Tourism Tax</u>	<u>Total</u>
General	\$ 103,127	\$ 2,122,366	\$ -	\$ 2,225,493

Debt Service Fund	-	452	-	452
Total	<u>\$ 103,127</u>	<u>\$ 3,173,984</u>	<u>\$ 1,177,424</u>	<u>\$ 4,454,535</u>

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Tax revenues for the year ended December 31, 2019 were as follows:

	Property Tax	Sales Tax	Tourism Tax	Franchise Tax	Other Tax	Total
<u>Governmental Funds</u>						
General	\$ 2,779,665	\$ 9,067,886	\$ -	\$ 1,226,715	\$ 75,827	\$ 13,150,092
Tourism tax	-	-	11,930,091	-	-	11,930,091
Transportation sales tax	-	5,490,373	-	-	-	5,490,373
Public Safety Tax	-	5,800,033	-	-	-	5,800,033
Tax increment financing	-	3,451,687	1,191,720	-	-	4,643,407
Nonmajor funds	-	-	-	-	180,685	180,685
Total	<u>\$ 2,779,665</u>	<u>\$ 23,809,979</u>	<u>\$ 13,121,811</u>	<u>\$ 1,226,715</u>	<u>\$ 256,512</u>	<u>\$ 41,194,681</u>

The City's property tax is levied each year on the assessed value listed as of the prior January 1 for all real and personal property in the City. Assessed values are established by the Taney County Assessor's Office. The assessed values at January 1, 2018, upon which the 2018 levy was based and upon which the ad valorem tax revenues for the period ended December 31, 2019 are recorded, are as follows:

Real estate	\$ 397,561,194
Personal property and business personal	<u>52,110,615</u>
	<u>\$ 449,671,809</u>

Property taxes are due and payable on November 1 and become delinquent on January 1. On January 1, a lien attaches to all real property for which taxes are unpaid. Amounts received prior to December 31st related to the 2019 tax year are deferred as those amounts are not recognized as revenue until the period for which they are levied.

The 2018 tax levy per \$ 100 assessed valuation was:

General	<u>\$ 0.6077</u>

6 - Leases

Operating Leases

Non-cancellable operating revenue leases for City land expire in various years through 2034. These leases generally contain renewal options for periods ranging from five to thirty-five years and require the lessees to pay all executory cost (property taxes, maintenance, and insurance). Lease income includes minimum rentals plus contingent rentals based on sales.

Future lease income on minimum rentals is approximately \$434,000 per year.

The cost of the land the City leases is \$4,000.

For the year ended December 31, 2019, lease income for all operating leases was approximately \$1,060,259.

Capital Lease

The City has a lease agreement as a lessor on City property with Pointe Royale. This lease agreement qualifies as a capital lease and has therefore been recorded at the present value of the future minimum lease payments as of the inception date. At December 31, 2019, the lease receivable balance was \$42,999.

Future minimum lease payments to be received are as follows:

2020	\$	18,688
2021		19,249
2022		<u>5,062</u>
Present value of minimum lease payments	\$	<u><u>42,999</u></u>

Branson Landing Lease – Branson Landing TIF Plan

The City and the Developer have entered into a 99 year master lease agreement related to the Branson Landing project. Under the agreement, commencing on January 2, 2010 and through year thirty (30) of the agreement, a base and contingent rental lease payment is due to the City. The lease payment will consist of an annual base amount of \$252,000 plus a contingent lease payment of 1/4th of 1 percent of sales in excess of \$15 million within the defined boundary area. The total annual lease payments cannot exceed \$455,000. The City received \$455,000 under this agreement for the year ended December 31, 2019.

The City has entered into various leases for equipment, which have bargain purchase options and have been classified in the financial statements as capital assets.

City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

The following table details property under capital leases by major classification at December 31, 2019:

	Governmental Activities
Assets under capital lease	
Equipment	\$ 673,791
Less Accumulated Deprecation	(140,373)
	\$ 533,418

The future minimum lease obligations and the net present value of these lease payments as of December 31, 2019 were as follows:

Future Minimum Lease Payments	
Year Ending December 31:	Governmental Activities
2020	\$ 128,007
Less amounts representing interest	(4,261)
Present value of minimum lease payments	\$ 123,746

Revenue Bonds

Governmental activities

The City has pledged future tourism tax revenues, net of specified operating expenditures, to repay the bonds described below (the Series 2007 bonds totaling \$1,840,000 were retired in 2019). The bonds are payable solely from tourism tax net revenues. Annual principal and interest remaining to be paid on the bonds is \$5,105,000. For the year ended December 31, 2019, principal and interest paid were \$3,591,667 and total tourism tax revenues for the year were \$11,930,091. Bond indentures require restricted accounts in order to accumulate necessary payment funding. Restricted investment reserves related to these bonds was \$4,123,349 at December 31, 2019. The City has issued the following revenue bonds for the purpose of funding various City infrastructure projects:

	<u>Balance at December 31, 2019</u>
Tourism Tax Revenue bonds, Series 2010B of \$7,540,000 issued March 2010; 3.0% to 4.35% interest payable semiannually, remaining principal payments due annually of \$125,000 to \$1,345,000. Final maturity January 1, 2022. Bonds maturing after January 1, 2016 and thereafter may be called at par.	5,105,000
	<u>\$ 5,105,000</u>

Special Limited Obligation Bonds

The City has the following special limited obligation bonds related to its governmental activities:

	<u>Balance at December 31, 2019</u>
Special Limited Obligation Bonds (Missouri Development Finance Board Infrastructure Facilities Revenue Bonds) Series 2011A, \$35,810,000 issued November 15, 2011; 3.0% to 5.0% interest payable semiannually, principal payments due annually ranging from \$560,000 to \$2,795,000 with final maturity on December 1, 2031.	26,370,000
	<u>\$ 26,370,000</u>

The bonds were issued by the Missouri Development Finance Board (MDFB) to refund certain bonds previously issued for the purposes of funding the City's Branson Landing redevelopment project and certain City facilities and infrastructure project costs. The City conveyed certain properties (including City Hall and a fire station) to the MDFB, and the MDFB leases those properties to the City. The City's lease payments are security for the required annual interest and principal payments on the bonds. Upon retirement of the bonds, the properties will revert to the City.

The MDFB 2012A and 2005B Branson Landing Tax Increment Financing Revenue Bonds contain certain pledged revenue and reserve fund priority provisions also known as the "Waterfall" provision. Under the Waterfall, as calculated prior to the next scheduled debt service requirements for the 2012A and 2005B bonds, should there be excess funds available after meeting the priority provisions, those excess funds can be used for debt service requirements of the 2011A bonds. During the year ended December 31, 2019, waterfall amounts of \$646,302 were transferred to the City's Debt Service Fund from the Tax Increment Financing Fund to be used for the 2011A debt service requirements. Total waterfall amounts since inception is \$8,481,500.

Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Tax Increment Financing Revenue Bonds

The tax increment financing revenue bonds obligation indebtedness are recorded as a liability of the TIF Commission to match revenue streams to the related obligations for which they have been pledged. The obligation of the City and the Commission to pay principal and interest on these bonds is generally limited solely to the tax increment financing (TIF) revenues generated from each project.

Balance at
December 31, 2019

Branson Landing TIF Plan

Special Limited Obligation Bonds (Missouri Development Finance Board Infrastructure Facilities Refunding Bonds - City of Branson, Missouri - Branson Landing Project) Series 2012A, \$33,450,000 issued December 6, 2012; 3.0% to 4.0% interest payable semiannually, remaining principal payments due annually ranging from \$1,900,000 to \$2,805,000 with final maturity on December 1, 2027. The bonds were issued by MDFB and the proceeds were made available to the City. The City's obligation to make payments is secured by an annual appropriation covenant, mortgages on a parking garage and a convention center, and certain pledged revenues. See discussions on the previous page regarding certain pledged revenue and reserve fund priority provision also know as the "Waterfall" provision.

\$ 20,165,000

Special Limited Obligation Bonds (Missouri Development Finance Board Infrastructure Facilities Bonds - City of Branson, Missouri - Branson Landing Project) Series 2005A, \$80,000,000 issued September 2005; 3.75% to 6.0% interest payable semiannually, remaining principal payments due annually ranging from \$1,020,000 to \$6,930,000 with final maturity on June 1, 2035. Bonds maturing on or after June 1, 2035 may be called on or after June 1, 2015 at par. The bonds were issued by the Missouri Development Finance Board and the proceeds were made available to the City. The City's obligation to make payments is secured by an annual appropriation covenant, mortgages on a parking garage and a convention center, and certain pledged revenues. See discussions on the previous page regarding certain pledged revenue and reserve fund priority provision also know as the "Waterfall" provision. On June 1, 2015, bonds with stated maturities in the years after 2025 and thereafter in the aggregate principal amount of \$67,110,000 were refunded and defeased.

2,230,000

Special Limited Obligation Bonds (Missouri Development Finance Board Infrastructure Facilities Bonds - City of Branson, Missouri - Branson Landing Project) Series 2015A, \$62,560,000 issued June 1, 2015; 3.75% to 5.0% interest payable semiannually, remaining principal payments due annually ranging from \$2,645,000 to \$10,195,000 with final maturity on June 1, 2034. The bonds were issued by the Missouri Development Finance Board and the proceeds were made available to the City. The City's obligation to make payments is secured by an annual appropriation covenant, mortgages on a parking garage and a convention center, and certain pledged revenues. See discussions on the previous page regarding certain pledged revenue and reserve fund priority provision also know as the "Waterfall" provision.

62,020,000

Tax Increment Revenue Bonds (The Industrial Development Authority of the City of Branson, Missouri, Missouri Limited Obligation Tax Increment Revenue Bonds- Branson Landing Retail Project) Series 2005A , \$18,560,000 issued August 2005; 5.25% to 5.50% interest payable semiannually, remaining principal payments due annually ranging from \$555,000 to \$1,760,000 with final maturity on June 1, 2029.

Tax Increment Financing Revenues

The City, other taxing districts and governmental entities have pledged a portion of future incremental property tax and sales tax revenues (TIF revenues) to repay the tax increment financing revenue bonds described above. TIF revenues, along with other funding sources for each issuance, were projected to produce sufficient funds to meet debt service requirements over the life of the bonds. Annual principal and interest payments remaining on these bonds total approximately \$189.7 million. Should TIF revenues along with any other funding sources described not be sufficient to meet the required debt service obligations, the City is not legally obligated to make such bond payments from any other sources of its revenues. However, the Branson Landing TIF Plan's \$24,400,000 Series 2012A, \$5,880,000 Series 2005A

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

and \$62,020,000 Series 2015A bonds contain an annual appropriation covenant obligating the City to make debt service payments from all legally available moneys of the City to the extent the City has appropriated and included such payments in its annual budget. Annual principal and interest payments remaining on the Series 2012A, 2005A and 2015A bonds total approximately \$125.4 million. Incremental taxes are pledged to make payments on these obligations for a period not to exceed 23 years.

For the year ended December 31, 2019, principal and interest paid on tax increment financing bonds totaled approximately \$15.3 million. Incremental tax revenues from the City totaled approximately \$4.6 million. The remaining funds necessary to meet the current year debt service requirements were derived from city contributions, incremental tax revenues from other taxing districts and governmental entities, lease revenues, and interest income totaling approximately \$10.7 million and from prior incremental tax revenues held in debt service funds by the bond trustees.

Bond Indebtedness Limitation

Article VI, Sections 26(b) and (c) of the Constitution of the State of Missouri limit the net outstanding amount of authorized general obligation indebtedness for a City to 10 percent of the assessed valuation of the City by a two-thirds (four-sevenths at certain elections) vote of the qualified voters. Article VI, Section 26(d) provides that a city may, by a two-thirds (four-sevenths at certain elections) vote of the qualified voters, incur indebtedness in an amount not to exceed an additional 10 percent for the purpose of acquiring rights-of-way, construction, extending and improving streets and avenues, and sanitary or storm sewer systems, provided the total general obligation indebtedness of a City does not exceed 20 percent of the assessed valuation. Article VI, Section 26(e) provides that a City may, by a two-thirds (four-sevenths at certain elections) vote of the qualified voters, incur indebtedness in an amount not exceeding an additional 10 percent for the purpose of purchasing or constructing waterworks, electric or other light plants to be owned exclusively by the City, provided that the total general obligation indebtedness of a City does not exceed 20 percent of the assessed valuation.

The City has no outstanding general obligation debt. The City has issued multiple series of Tourism Tax Revenue Bonds. Although they are not general obligation bonds, the outstanding Tourism Tax Revenue Bonds and any additional Tourism Tax Revenue Bonds are payable from a pledge of the City's Tourism Tax and therefore count against the indebtedness limits imposed by the Missouri Constitution. The legal debt capacity of 20% of the City's assessed valuation as of December 31, 2019, based on the 2018 valuation, was \$89,934,362. The total net outstanding indebtedness of the City was \$13,835,977 as of December 31, 2019, leaving a remaining available legal debt capacity of \$76,098,385 as of that date.

8 - Defined Benefit Pension Plan

Plan Description

The City's defined benefit pension plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. The City participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Benefits provided

LAGERS provides retirement, death, and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

	2019 Valuation
Benefit Multiplier:	2.00%
Final Average Salary:	3 Years
Member Contributions:	4.00%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees covered by benefit terms

At June 30, 2019, the following employees were covered by the benefit terms:

	General	Police	Fire	Total
Inactive employees or beneficiaries currently receiving benefits	99	31	7	137
Inactive employees entitled to but not yet receiving benefits	61	30	12	103
Active employees	161	46	41	248
	321	107	60	488

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% of their gross pay to the pension plan. Employer contribution rates are 13.7% (General), 17.2% (Police) and 8.7% (Fire) of annual covered payroll.

Net Pension Liability

The employer's net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2019 and rolled forward to June 30, 2019.

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Actuarial assumptions

The total pension liability in the February 28, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.25%
Salary Increase	3.25 % to 6.55 % including inflation
Investment rate of return	7.25 %

Mortality rates were based on the healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees mortality table for males and females.

Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equity	39.00%	4.16%
Fixed income	28.00%	0.89%
Real Assets/Real Return	33.00%	2.09%

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Discount rate

The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

Changes in the Net Pension Liability

9 - Post Employment Health Benefits

Plan Description

The City provides for a continuation of medical, prescription drug, hearing, vision, and dental insurance benefits to employees that retire from City employment and who participate in the Missouri Local Government Employees Retirement System (LAGERS) through a single employer plan. The Plan does not issue separate audited financial statements.

The City requires the retirees to pay 100% of the premiums charged to active employees. The rates being paid by retirees for benefits are typically lower than those for individual health insurance policies. (The retiree insurance is guaranteed issue; no medical questionnaire is required.) The difference between these amounts is the implicit rate subsidy, which is considered other post-employment benefits (OPEB) under Governmental Accounting Standards Board Statement No. 75 (GASB Statement 75). Retirees and spouses have the same benefits as active employees, and they are not required to terminate participation upon Medicare eligibility.

Funding Policy

The City does not pre-fund benefits. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis and there is not a trust for accumulating plan assets.

Employees Covered by Benefit Terms

At December 31, 2019, the following employees were covered by the benefit terms:

Active Employees	264
Retirees and Surviving Spouses	16
Spouses of Current Retirees	7
Total	287

Total OPEB Liability

The City's total OPEB liability of \$1,770,694 was measured as of September 30, 2019 and was determined by an actuarial valuation as of September 30, 2019.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the September 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	September 30, 2019
Actuarial cost method	Entry Age Normal
Inflation	2.50%
Salary increases	3.00%
Discount rate	2.66%

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

The discount rate was based on the 20 Year Bond GO Index.

Mortality rates were based on Pub-2010 General and Safety Amount-Weighted Mortality Tables of Employees and Healthy Retirees. And Contingent Survivors, male and female rates, generational projection from 2010 using Scale MP-2019.

Changes in the total OPEB liability are as follows:

	Total
Total OPEB Liability - Beginning of Year	\$ 1,883,119
Service cost	138,876
Interest on total OPEB liability	83,954
Effect of plan changes	-
Effect of economic/demographic gains or losses	(480,381)
Effect of assumption changes or other inputs	172,447
Benefit payments	(27,321)
Total OPEB Liability - End of Year	\$ 1,770,694

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using the discount rate that is one percentage point lower (1.66%) or one percentage point higher (3.66%) than the current discount rate.

	1% Decrease 1.66%	Discount Rate 2.66%	1% Increase 3.66%
Total OPEB Liability	\$ 1,994,009	\$ 1,770,694	\$ 1,577,377

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current cost trend rate.

	1% Decrease	Current Trend Rate	1% Increase
Total OPEB Liability	\$ 1,517,253	\$ 1,770,694	\$ 2,083,912

For the year ended December 31, 2019, the City recognized OPEB expense of \$180,618.

Draft

Deferred Inflows of Resources

At December 31, 2019, the City reported deferred outflows and inflows related to OPEB from the following sources:

	Deferred Outflow of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 155,202	\$ (95,121)
Differences between expected and actual results	-	(432,343)
	\$ 155,202	\$ (527,464)

Amount reported as deferred outflows and inflows of resources will be recognized in OPEB expense as follows:

Year Ended December 31,	
2020	\$ (42,212)
2021	(42,212)
2022	(42,212)
2023	(42,212)
2024	(42,212)
Thereafter	(161,202)
	\$ (372,262)

Summary of financial reporting of the City's OPEB plan:

	Governmental Activities	Business-type Activities	Total
Net OPEB liability	\$ 1,459,653	\$ 311,041	\$ 1,770,694
OPEB related deferred outflows	127,939	27,263	155,202
OPEB related deferred inflows	(434,809)	(92,655)	(527,464)

10 - Risk Management

The City is exposed to various risks of loss from torts' theft of, damage to or destruction of assets; errors and omissions; business interruption; employee injuries and health matters; and natural disasters. Commercial insurance coverage is purchased for claims arising from these matters. There have been no reductions in insurance coverage from the prior year. Settlements have not exceeded insurance coverage for each of the last three years.

City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

11 - Commitments and Contingencies

Branson Landing Master Lease

The City as landlord has entered into a Branson Landing lease with HCW Development Company, LLC as the tenant. The lease requires the City to pay 50% or up to \$310,000 of the annual actual costs associated with the maintenance, upkeep and operations of the Main Fountain and the Town Square Fountain. The City will pay for the actual On-Site Public Improvements expense excluding those associated with the fountains listed above, up to \$115,000 per calendar year. Beginning in the calendar year of the fifth anniversary of the lease commencement date (FY2010) and for each year thereafter the maximum fountain and maintenance contribution shall be recalculated by multiplying the maximum contributions by a fraction, the numerator being the Consumer Price Index (CPI) for the month of January for the current year, and the denominator being the CPI for the month of January for the prior year. For the year ended December 31, 2019, the City paid \$455,000 under this lease agreement.

Capital Projects

Commitments have been made for future expenditures related to the City's Five Year Capital Improvement program. At December 31, 2019, the City had approximately \$500,000 in outstanding construction commitments.

Convention Center Operating Agreement

The City and convention center management has an agreement with SMG, a Pennsylvania general partnership with headquarters in West Conshohocken, PA. For the year ended December 31, 2019, the city paid to SMG \$141,612 under this new management agreement.

Airport Pay for Performance Agreement

The City has entered into a Pay for Performance Agreement and a related Supplemental Agreement to the Pay for Performance Agreement, collectively, (the Agreement) with a private developer and the Branson, Missouri Regional Airport Transportation Development District (TDD). Under the Agreement, the City will pay a per passenger fee based on qualifying passenger arrivals on a semi-annual basis to the TDD. In no event shall the City's payment obligation under the Agreement exceed \$2,000,000 on an annual basis. Total fees under the Agreement for 2019 were \$128,915. In addition, any obligations under this Agreement are subject to annual appropriation by the Board of Aldermen.

Tri-Lakes Biosolids Coalition - Jointly Governed Organization

The City has entered into a Cooperation Agreement with Taney County and Cities located in Stone and Taney Counties to form the Tri-lakes Biosolids Coalition (Coalition). Under this agreement, the City will utilize the regional biosolids dewatering and drying facility to provide a long-term solution for the processing and handling of wastewater sludge generated from the City's wastewater treatment facilities. The City of Branson has contracted to operate the regional biosolids dewatering and drying facilities and to provide management, administrative and maintenance services. The Coalition's board is composed of one member from the governing board of each of the municipalities. The City paid \$392,188 for processing and handling of wastewater sludge for the year ended December 31, 2019.

The City has a separate lease agreement with Taney County to lease property for the Tri-lakes Biosolids coalition facility. The County will lease property and an existing building at the Cooper Creek Wastewater Plant and also construct an addition to the existing building which after being combined will house the Tri-Lakes Biosolids Dewatering and Drying Facility. The City of Branson contributed \$250,000 to upgrade the original construction and design of the addition to ensure its conformity to the same architectural style and quality of the existing building.

Draft
City of Branson, Missouri
Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

Encumbrances

Outstanding encumbrances at December 31, 2018 were as follows: General Fund \$207,286, Transportation Sales Tax Fund \$29,900, Public Safety Fund \$1,574,486, Recreation Fund \$1,117, and the Capital Project Fund \$317,335.

Litigation

On January 14, 2010, a judgment was issued by the Circuit Court of Taney County - Taney County Circuit Court Case No. 03-CV-787034 regarding the rights to the title of certain real property located in Branson, Missouri. Although the City was not a party to the case at the time the judgment was issued, but a legal description of the land contained in the judgment of that case included certain real property owned by the City. In 2011, the Missouri Southern District Court of Appeals vacated the January 14, 2010 judgment and remanded the case back to the trial court, finding the City to have been a party for purposes of the trial court's January 14, 2010 judgment, and further finding the trial court committed plain error in entering that judgment. On March 31, 2011, a separate, but related, action was filed in the Circuit Court of Taney County, Case No. 11-AF-CC00244 which seeks to quiet title to certain real property south of the real property involved in the first case. In 2013, judgments were entered in favor of the City in both of the above cases. For the most part, these rulings were upheld on appeal. On October 30, 2015, the Southern District Court of Appeals generally upheld the legal findings of the district court in these matters, while deciding that the litigant, Douglas Coverdell, was entitled to argue his adverse possession claims. 11-AF-CC00244 was stayed by the Court of Appeals pending the resolution of the leftover claims in the 03-CV-78704 matter. On December 5, 2019, the Missouri Southern District Court of Appeals affirmed the lower court's rulings in these matters. On May 22, 2020, a joint dismissal by the parties was granted in 11-AF-CC00244-01. (New case number assigned after mandate). No further litigation is pending against the City in this matter.

Branson Meadows TIF Plan

The Developer associated with the Branson Meadows TIF Plan contributed approximately \$3.9 million to the project which qualifies under the plan as a reimbursable project cost. Any potential reimbursements to the Developer from available TIF revenues are subordinate to the related bond debt service requirements and any cumulative shortfalls covered by the City. The City does not believe that there will be sufficient revenues generated by the TIF Plan to retire this obligation. Accordingly, the City has not recorded an obligation.

12 - Interfund Activity

Interfund transfers for the year ended December 31, 2019, consisted of the following:

<u>Transfers to</u>	<u>Transfers From</u>						<u>Total</u>
	<u>General</u>	<u>Tourism Tax</u>	<u>Transportation Sales Tax</u>	<u>Public Safety</u>	<u>Tax Increment Financing</u>	<u>Business-type Water and Sewer</u>	
Governmental :							
General	\$ -	\$ 263,277	\$ -	\$ -	-	\$ -	\$ 263,277
Capital projects	524,574	19,597	306,524	110,142	-	-	960,837
Tax Increment Financing	-	-	-	-	-	-	-
Transportation Sales Tax	-	-	-	-	-	23,099	23,099
Public Safety	7,697,649	-	-	-	-	-	7,697,649
Other Governmental	68,113	553,037	1,152,887	-	646,302	-	2,420,339
Business-type:							
Water and Sewer	-	658,857	-	-	-	-	658,857
Total	\$ 8,290,336	\$ 1,494,768	\$ 1,459,411	\$ 110,142	\$ 646,302	\$ 23,099	\$ 12,024,058

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due including the waterfall provision discussed in Note 7, (3) use unrestricted revenues collected in the general fund finance various programs accounted for in other funds in accordance with budgetary authorizations, (4) to fund capital and repair and maintenance needs including treatment plan expansion in the Water and Sewer Fund.

Interfund receivable and payable balances at December 31, 2019 were as follows:

<u>Interfund Receivable</u>	<u>Interfund Payable</u>					<u>Total</u>
	<u>General</u>	<u>Tourism Tax</u>	<u>Tax Increment Financing</u>	<u>Transportation Sales Tax</u>	<u>Internal Service</u>	
General	\$ -	\$ 70,486	\$ 78	\$ -	\$ 120,381	\$ 190,945
Other governmental	27,166	-	-	-	-	27,166
Tax Increment Financing	457,507	99,091	-	228,753	-	785,351
	\$ 484,673	\$ 169,577	\$ 78	\$ 228,753	\$ 120,381	\$ 1,003,462

The interfund payable due to the General Fund represents timing differences of when amounts are paid and reimbursed for current operating costs and for deficit pooled cash balances.

The Tourism Fund loaned the General Fund \$1,000,000 to purchase a military statue, recorded as an advance receivable and payable in the respective funds. The interfund-loan is to be repaid in 10 annual payments, including 1% interest, commencing July 1, 2016. At December 31, 2019, the amount is \$611,898.

Notes to the Basic Financial Statements
For the Year Ended December 31, 2019

13 - Subsequent Events

Management has evaluated subsequent events through October 21, 2020 the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the COVID-19 virus outbreak a world-wide pandemic. Due to the COVID-19 pandemic, businesses within the City and the entire State of Missouri were subject to a stay at home order. COVID-19 has negatively impacted the City's economy. Due to several rapidly changing variables related to the COVID-19 pandemic, the potential impact on the City's future operations, financial condition, results of operations, and liquidity cannot be reasonably estimated at this time.

**Required
Supplementary
Information**

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by GASB but are not considered a part of the basic financial statements.

Such information includes:

- Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual – General Fund
- Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual – Tourism Fund
- Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual – Transportation Sales Tax Fund
- Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual – Public Safety Sales Tax Fund
- Schedule of Changes in Net Pension Liability and Related Ratios
- Schedule of Contributions
- Schedules of Funding Progress – Other Post-Employment Benefits

Budgeting

Missouri statutes require that all political subdivisions of the State prepare an annual budget. Governmental funds required to have legally adopted annual budgets are the general fund, the special revenue funds, capital project fund, and debt service funds. Annual budgets for all governmental funds are adopted using the modified accrual basis of accounting, modified further by the encumbrance method of accounting.

The appropriated budget is prepared by fund, function, and department. State statutes set the legal level of budgetary control at the fund level (i.e., the level at which expenditures may not legally exceed appropriations). Management's level of budgetary control is at the departmental level. The City has elected to pursue a policy of requiring approval of the Board of Aldermen on major purchases exceeding \$15,000.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditures of funds are recorded in order to reserve that portion of the applicable appropriation, is utilized in the governmental funds financial statements. Encumbrances are reported as restricted, committed or assigned fund balance because they do not constitute expenditures or liabilities.

In connection with the implementation of GASB 54, the Convention Center Fund, Recreation Fund (combined funds) are reported in the General Fund as these separate fund activities do not qualify for reporting as special revenue funds. A reconciliation to Statement of Revenues, Expenditures and Changes in Fund Balances-Governmental Funds is as follows:

Change in General Fund balance-budget basis	\$ 441,651
Change in fund balance from combined funds-budget basis	332,014
Total reconciled change in fund balance-budget basis	773,665
Adjustments-encumbrances beginning of year	(32,108)

CITY OF BRANSON, MISSOURI
REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED)

Notes to Schedule of Contributions

Valuation Date February 28, 2019

Notes: The roll-forward of the total pension liability from February 28, 2019 to June 30, 2019 reflects expected service cost and interest reduced by actual benefit payments.

Methods and assumptions used to determine contribution rates:

Actuarial cost method Entry Age Normal and Modified Terminal Funding

Amortization method A level percentage of payroll amortization method is used to amortize the UAAL over a closed period of years. If the UAAL (excluding the UAAL associated with benefit changes) is negative, then this amount is amortized over the greater of (i) the remaining initial amortization period or (ii) 15 years.

Remaining amortization period Multiple bases from 10 to 19 years

Asset valuation method 5-year smoothed market; 20% corridor

Inflation assumption 3.25% wage inflation; 2.5% price inflation

Salary increases 3.25% to 6.55% including wage inflation

Investment rate of return 7.25%, net of investment expense

Retirement age Experience-based table of rates that are specific to the type of eligibility condition.

Mortality The healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees mortality table for males and females.

Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

Statistical Section

STATISTICAL SECTION

This part of the City of Branson's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information indicates about the City's overall financial health.

Contents

Table

Financial Trends

These tables contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

1-4

Revenue Capacity

These tables contain information to help the reader assess the City's most significant local revenue sources: sales tax, tourism tax, and property tax.

5-12

Debt Capacity

These tables present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

13-16

Demographic and Economic Information

These tables offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

17-18

Operating Information

These tables contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

19-21

Sources: Unless otherwise noted, the information in these tables is derived from the comprehensive annual financial reports for the relevant year.

1. Assessed values are set by the Taney County Assessor as of May 14 each year as adjusted by the Taney County Board of Equalization.
2. Real estate ratios were finalized during reassessment in 1985 at 19% for residential, 32% for commercial and 12% for agriculture. Personal property ratio remained at 33.3%
3. Commerical Property was reduced by the amount of the Commercial Property in the TIF district.

Information provided by Taney County, which is responsible for assessing and collecting such taxes by contract with the City. Commercial property is assessed an additional \$1.50 surtax to replace the merchants and manufacturers' inventory tax, which was repealed in 1985. The total commercial property rate for 2007-08 is \$4.7612. The Ambulance District levy was replaced by a \$.25 sales tax in 2004.

Total direct and overlapping debt			<u>\$ 235,780,043</u>
<p><i>Sources: Assessed value data used to estimate applicable percentages provided by the County and Assessment Debt outstanding data provided by the county.</i></p> <p><i>Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Branson. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses, should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.</i></p> <p><i>The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the entity's taxable assessed value that is within the city government's boundaries and dividing it by the entitie's total taxable assessed value.</i></p>

2021 Budget

Budgeted 2021 vs. 2020 Estimated Actual YE

***Covid Neutral Budget - Risk Level Moderate**

This budget assumes business levels are relatively consistent with "Non-Covid" years but not as robust. No consideration given to ongoing or increased Covid issues related to cancellations, travel restrictions or civil, political or financial unrest.

	*2021 Budgeted Year-End Total	2020 Projected Year-End Total	2019 Actuals Year-End Total
Adjusted Gross Income	2,987,982	1,132,263	3,823,148
Net Salaries and Benefits	1,964,777	1,424,461	2,173,544
Total Indirect Expenses	3,335,288	2,479,398	3,701,816
Net Income (Loss) from Operations	*(347,306)	(1,347,135)	121,332
Marketing Fund Expenditures	495,000	443,000	152,502

Branson Convention Center 2021 Highlights

2021 Budget Highlights

- Forecasted number of event days **240** vs 156 actual 2020
- Forecasted attendance **54,000** vs 38,000 Est Actual 2020 YE
- Net Income Gain/(Loss) Projected Year End **(\$347,306)** vs (\$1,347,135) Est Actual 2020 YE (not including marketing fund expenditures)

2021 Budget Highlights- Notable Events

- 21 events rescheduled from 2020 to 2021 due to Covid
- Return of American Corn Hole Competition Memorial Day weekend
- Assemblies of God Senior Adult Ministries (1200 attendees, first time BCC to host)
- Destination Meets (North Star)- Midwest meeting planner reverse tradeshow.
- First time host for Missouri Coalition of Behavioral Health, 600 persons and growing
- Return of Missouri Baptist Convention
- First time host for MOREnet, large educational software company
- Rebooking large sporting/dance/cheer, as well as two Waldrep Ministries programs

2021 Initiatives in an uncertain business environment

Minimize Expenses

- **Reorganize** operating staff structure (40% reduction vs 2019)
- Continue **furloughs** and salary **reductions when necessary**
- Utilities **Audit** and **Controls**
- Vendor Agreements **audit** and **renegotiation**
- Critical **needs** (not wants)

Increase Revenues

- Create client safety **confidence** within operations to reduce or eliminate cancellations: **ASM Global VenueShield** Program
- Utilize **Marketing Fund** to actively (not passively), directly gain business
- Create a **“Triad”** team sales approach consisting of Chamber/CVB, Branson Convention Center and Hilton Sales Teams
- **Team Sales Blitz** : Goal is to prospect 3,000 contacts (lost business, date conflict, out of rotation, other). Chamber/CVB, BCC, Hilton
- **Sponsorships and Advertising** opportunities within the venue

TOTAL	\$1,490,990	\$164,512	\$330,782	\$1,986,284

Methodology

- Numbers calculated are based upon information given from contracted groups at BCC and are **estimates** as these groups have not occurred yet. Therefore, actual numbers are not possible to report
- Overnight Visitors are defined as- Number of visitors staying at least one night in paid accommodations
- Model uses attendees rather than hotel nights for accuracy as some attendees do not book within the group room block
- An overnight attendee staying multiple nights is counted as one attendee, as the model assumes a length of stay for all overnight attendees. This length of stay depends on the type of meeting and the length of the event. Overnight attendees will directly affect metrics like rooms booked and accommodation taxes
- Attendees staying either at home or in nonpaid accommodations are treated as day attendees

MEMO

FROM: Jamie Rouch, Finance Director
TO: Finance Committee
DATE: October 22, 2020
SUBJECT: FY2020 Budget Amendments

The following budget amendments will be presented to the Board of Aldermen at an upcoming meeting.

PUBLIC SAFETY FUND

-
- In 2018 the Taney County 911 Board made the decision to purchase and update the 911 Equipment totaling approximately \$315,000. Branson agreed to pay a portion of the equipment cost.
- The portion being billed to the City of Branson is \$52,607.48. If the City agrees to reimburse Taney County 911 for this portion of the equipment expense, a budget amendment is needed to cover this expense.

WATER SEWER FUND/INTERNAL SERVICE FUND

- Prior to the COVID-19 related City of Branson shut-down in March, the scheduled Lift Station pump replacement/rebuild bid was awarded to JCI Industries, Inc. and the contract was scheduled to go to the Board for approval. The original contract was for \$132,000 to repair/replace selected Lift Station pumps. This item was removed from the agenda and brought back for approval in July 2020. Due to the COVID financials, capital was removed for 2020, however, Utilities indicates two of the pumps in this contract are in need of replacement due to equipment failures and a third pump is in critical need of rebuild totaling \$49,826.
- We are recommending using the Water/Sewer Internal Service Fund for these pump replacements.

GENERAL FUND/CAPITAL PROJECT FUND

- In 2018 when preparing the FY2019 budget, an estimate of \$17,000 was given to replace the carpeting in City Hall. At the end of 2019, a bid was done and awarded to Stoneridge Carpet in the amount of \$21,012.46. A capital project was set up for the \$17,000 and funds were transferred from the General Fund to the Capital Project Fund. Now that the project is ready to be completed, a budget amendment is needed for the additional \$4,012.46.
