

General Rules and Regulations

1. **The goal of this division is the continuation of volleyball on a regulation court with modifications.**
2. All players must play. The league will be co-ed. At least 4 players must be present to start a match; a maximum of 6 per side. If a team is below 4 players, the coaches and game supervisor may agree for the “loaning” of players for the game. **The purpose of this rule is for the encouragement of play. There are no standings for this division, and we want to limit forfeitures when we can prevent it.**
3. Court size will be regulation size. The net height will be set at 6.5 feet. The game ball will be a 3 oz. Volley-lite ball.
4. The service line will be from no closer than the top of the 3-point arc on the basketball court.
5. Matches will be 2 out of 3, the first two games will be to 25 points, third will be to 15 points. One time-out per game; time-outs do not carry over.
6. Rotations follow a right-to-left standard. Bottom left position moves to top right position. Substitutions start at the right back serving position. After a 6th successful service point, a rotation will occur with the team keeping possession.
7. Any specifics not covered within these rules default to NFHS/MSHSAA.
