City of Branson Memorial Tree Program

Honor a loved one or celebrate a special occasion through the **City of Branson's Memorial Tree Program**. Your donation helps beautify our parks and trails while creating a lasting tribute that families and friends can visit for years to come.

Program Highlights:

-  **Cost:** \$300 per tree
-  **Planting Seasons:** Spring and Fall
-  **Tree Selection & Location:** Carefully chosen and sited by Parks staff to best fit the park environment.
-  **Recognition:** Donors receive a certificate and map showing their tree's location. Honoree names are added to a commemorative plaque at the **Branson Community Center**.

Please Note:

- A **limited number of trees are planted each year** to ensure proper planting and care.
- The City will replace trees **only if they do not survive their first year**.
- Once planted, all trees become part of the City's park system. **Personal decorations or plaques require approval.**

♥ Can't contribute \$300?

You can still take part! Donations of any amount are accepted toward the **Memorial Tree Fund**. This fund helps care for existing memorial trees and supports future plantings.
